## PREFACE

The *Graduate Bulletin* contains the academic and administrative policies and regulations that govern enrollment of graduate students in the College of Arts and Sciences of Santa Clara University in the Graduate Programs in Pastoral Ministries. Students are responsible for knowing all academic and administrative policies and regulations affecting their program of study and for abiding by all such policies and regulations during their enrollment at the University. Continued enrollment is subject to compliance with the academic and administrative policies described herein and otherwise published by the University. Failure to understand these policies does not relieve a student of his or her responsibility for adhering to policies and regulations.

Students are governed by the applicable degree requirements in the first year of their enrollment in the Graduate Programs in Pastoral Ministries. All students must fulfill the department and program degree requirements in effect when they complete their program of study.

Santa Clara University and the College of Arts and Sciences reserve the right to make changes to degree requirements, academic and administrative policies and regulations, and courses published in the *Graduate Bulletin* at any time without prior notice. The University strives to assure the accuracy of the information in the *Graduate Bulletin* at the time of publication. However, the University reserves the right to make corrections as necessary to the *Bulletin*.

The 2023–24 *Graduate Programs in Pastoral Ministries Graduate Bulletin* covers policies and regulations in effect as of that date. *The Bulletin* and other information about Santa Clara University can be found on the University's website at [www.scu.edu/ecp/student-services/bulletin/](http://www.scu.edu/ecp/student-services/bulletin/)

When a University policy and a school policy do not agree, the University policy applies.

## **SANTA CLARA UNIVERSITY**

Santa Clara University is a comprehensive Jesuit, Catholic university located in the heart of Silicon Valley with approximately 9,000 students. Founded in 1851 by the Society of Jesus, California's oldest operating higher education institution offers a rigorous undergraduate curriculum in arts and sciences, business, and engineering, plus nationally recognized graduate and professional programs in business, education, engineering, counseling psychology, law, and pastoral ministries. The University boasts a diverse community of scholars characterized by small classes and a values-oriented curriculum. The traditions of Jesuit education—educating the whole person for a life of service—run deep in all of its curricular and co-curricular programs.

## **UNIVERSITY VISION, MISSION, AND FUNDAMENTAL VALUES**

Santa Clara University has adopted three directional statements to describe the kind of university that it aspires to become (Strategic Vision), its core purpose and the constituencies it serves (University Mission), and the beliefs that guide its actions (Fundamental Values).

### **Strategic Vision**

Santa Clara University will educate citizens and leaders of competence, conscience, and compassion and cultivate knowledge and faith to build a more humane, just, and sustainable world.

### **University Mission Statement**

The University pursues its vision by creating an academic community that educates the whole person within the Jesuit, Catholic tradition, making student learning our central focus, continuously improving our curriculum and co-curriculum, strengthening our scholarship and creative work, and serving the communities of which we are a part in Silicon Valley and around the world.

As an academic community, we expand the boundaries of knowledge and insight through teaching, research, artistic expression, and

other forms of scholarship. It is primarily through discovering, communicating, and applying knowledge that we exercise our institutional responsibility as a voice of reason and conscience in society.

We offer challenging academic programs and demonstrate a commitment to the development of:

- Undergraduate students who seek an education with a strong humanistic orientation in a primarily residential setting
- Graduate students, many of them working professionals in Silicon Valley, who seek advanced degree programs that prepare them to make significant contributions to their fields

In addition to these core programs, we also provide a variety of continuing education and professional development opportunities for non-matriculated students.

### **Fundamental Values**

We hold ourselves responsible for living out these core values, which are critical for carrying out our mission in pursuit of our vision:

***Academic Excellence.*** We seek an uncompromising standard of excellence in teaching, learning, creativity, and scholarship within and across disciplines.

***Search for Truth, Goodness, and Beauty.*** We prize scholarship and creative work that advance human understanding, improve teaching and learning, and add to the betterment of society by illuminating the most significant problems of the day and exploring the enduring mysteries of life. In this search, our commitment to academic freedom is unwavering.

***Engaged Learning.*** We strive to integrate academic reflection and direct experience in the classroom and the community, especially to understand and improve the lives of those with the least education, power, and wealth.

***Commitment to Students.*** As teachers and scholars, mentors and facilitators, we endeavor to educate the whole person. We nurture and challenge students—intellectually, spiritually, aesthetically, morally, socially, and physically—preparing them for leadership and service to the common good in their professional, civic, and personal lives.

***Service to Others.*** We promote throughout the University a culture of service— service not only to those who study and work at Santa Clara but also to society in general and to its most disadvantaged members as we work with and for others to build a more humane, just, faith-filled, and sustainable world.

***Community and Diversity.*** We cherish our diverse and inclusive community of students, faculty, staff, administrators, and alumni, a community that is enriched by people of different backgrounds, respectful of the dignity of all its members, enlivened by open communication, and caring and just toward others.

***Jesuit Distinctiveness.*** We treasure our Jesuit heritage and tradition, which incorporates all of these core values. This tradition gives expression to our Jesuit educational mission and Catholic identity while also welcoming and respecting other religious and philosophical traditions, promoting the dialogue between faith and culture, and valuing opportunities to deepen religious beliefs.

The Graduate Programs in Pastoral Ministries prepares women and men to enter professional ministries in Church and society. ## CENTERS OF DISTINCTION

Santa Clara University has three Centers of Distinction that serve as major points of interaction between the University and society. Each center focuses on a theme that is central to Santa Clara's distinctive mission as a Jesuit university offering an educational environment that integrates rigorous inquiry and scholarship, creative imagination, reflective engagement with society, and a commitment to fashioning a more humane and just world. Each center engages faculty and students from different disciplines, as well as experts and leaders from the community through speakers, conferences, workshops, and experiential learning opportunities.

### **Miller Center for Social Entrepreneurship**

The mission of the Miller Center for Social Entrepreneurship — formerly the Center for Science, Technology, and Society before being renamed in 2015 — is to accelerate global, innovation-based entrepreneurship in service to humanity. Through an array of programs including its signature Global Social Benefit Incubator (GSBI), the Miller Center unites an international network of business, investment capital, and technical resources to build the capacity of social enterprises around the world. Its programs inspire faculty and students with real-world case studies, distinctive curricula, and unique research opportunities, advancing the University's vision of creating a more just, humane, and sustainable world (learn more at [www.scu-social-entrepreneurship.org/miller-center](http://www.scu-social-entrepreneurship.org/miller-center)).

### **Ignatian Center for Jesuit Education**

The Ignatian Center for Jesuit Education promotes and enhances the distinctively Jesuit, Catholic tradition of education at Santa Clara University, with a view toward serving students, faculty, staff, and through them the larger community, both local and global. The Ignatian Center achieves this mission chiefly through four signature programs:

- **Bannan Institutes** provide yearlong thematic programs including academic events and scholarly activities that further the Jesuit,

Catholic character of the University.

- **Community-based learning** places over 1,200 students each year with community partners, frequently in connection with an academic course.
- **Immersion programs** offer students, during academic breaks, the opportunity to experience local, domestic, and international communities with little access to wealth, power, and privilege.
- **Spiritual Exercises of St. Ignatius** provide opportunities for members of the community to encounter the spiritual sources of the Jesuit tradition.

Through these four programs, the Ignatian Center aspires to be recognized throughout Silicon Valley and beyond as providing leadership for the integration of faith, justice, and the intellectual life.

### **Markkula Center for Applied Ethics**

The Markkula Center for Applied Ethics is one of the preeminent centers for research and dialogue on ethical issues in critical areas of American life. The center works with faculty, staff, students, community leaders, and the public to address ethical issues more effectively in teaching, research, and action. The center's focus areas are bioethics, business ethics, campus ethics, character education, government ethics, and Internet ethics.

### **FACULTY**

Santa Clara University's emphasis on a community of scholars and integrated education attracts faculty members who are as committed to students' intellectual and moral development as they are to pursuing their own scholarship. The University's 516 full-time faculty members include Fulbright professors, nationally recognized authors and poets, groundbreaking scientists, and distinguished economic theorists.

## **STUDENT BODY**

Santa Clara University has a student population of more than 9,000, with about 5,500 undergraduate students and 3,500 graduate students. The undergraduate population has a male-to-female ratio of 50 percent to 50 percent, and about 44 percent of undergraduate students identify themselves as persons of color. About 61 percent of undergraduates are from California, with the others coming from throughout the United States and 19 foreign countries. Eighty-four percent of undergraduate students receive some kind of financial aid—scholarships, grants, or loans. Half of the undergraduate population lives in University housing, with 95 percent of first-year students living on campus. Students experience an average class size of 23. The student-to-faculty ratio is 12-1.

The University's commitment to learning is demonstrated by the fact that 94 percent of first-year students advance to the sophomore year, and the percentage of Santa Clara students who graduate is among the highest in the country. The four-year graduation rate for entering freshmen is about 80 percent, with a five-year graduation rate of 84 percent and a six-year graduation rate of 86 percent.

## **ALUMNI**

Santa Clara University has approximately 94,000 alumni living in all 50 states and more than 111 foreign countries. About 45 percent of alumni live in the San Francisco Bay Area, where many of them are leaders in business, law, engineering, academia, and public service.

## ATHLETICS AND RECREATION

Santa Clara University supports a broad intercollegiate athletic program and is a Division I member of the national Collegiate Athletic Association and a founding member of the West Coast Conference (WCC). With 20 intercollegiate sports, the Broncos field teams in men's and women's basketball, crew, cross-country, golf, soccer, tennis, track, and water polo, along with men's baseball, women's softball, and women's volleyball and sand volleyball.

The men's and women's soccer teams are perennially among the nation's elite programs, both having won national championships. Men's tennis has also emerged in recent years as one of the nation's top programs. Santa Clara is one of the WCC's top broad-based programs, having won the WCC Commissioner's Cup in 2005 and 2007—an all-sports award presented to the league's top performing school in conference competition.

Informal recreation opportunities include drop-in use of the weight and cardiovascular equipment and gymnasium in the 9,500-square-foot weight training and cardiovascular exercise room in the Pat Malley Fitness and Recreation Center, lap swimming in the Sullivan Aquatic Center, and playing tennis at the Degheri Tennis Center, which features nine lighted championship courts. Noncredit lifetime recreation fitness classes are also provided for a nominal quarterly fee to all members. Available classes include yoga, Pilates, kick-boxing, cycling, step aerobics, and more.

The University's intercollegiate athletic teams compete in the Leavey Center, which has a roof surrounded by spectacular 23-foot glass walls, and a high-definition video board; the Stephen Schott Baseball Stadium, equipped with state-of-the-art facilities and seating for 1,500 people; the soccer complex of Stevens Stadium; and the Degheri Tennis Center. Rounding out the other athletic facilities are 12 acres of intramural athletic fields.

## CAMPUS

The University is located on a 106-acre campus in the city of Santa Clara near the southern end of the San Francisco Bay in one of the world's great cultural centers and in the heart of the Silicon Valley. At the campus center is the Mission Church, restored in 1928 and surrounded by the roses and palm and olive trees of the historic Mission Gardens. The adjacent Adobe Lodge is the oldest building on campus, having been restored in 1981 to its 1822 decor. There are more than 50 buildings on campus, housing 15 student residences, a main library and a law library, a student center, the de Saisset Museum, the Center of Performing Arts, extensive athletic facilities, and a recreation and fitness center. Computer and telecommunications technology is an integral part of the life and learning at Santa Clara University. All residence hall rooms and most classrooms are connected to high-speed Internet access and campus email, and most of the campus is covered by a wireless network.

## **REGISTRATION**

Each quarter, a registration period is held to allow all GPPM students to enroll in classes. Each student is assigned a specific appointment time in the eCampus system during the designated initial registration period. Appointment times are assigned based on the number of units a student has accumulated plus current enrollment. Students may register for classes any time after their

appointment day and time, until the Open Enrollment period closes. If a student has not registered for any courses by the end of the Open Enrollment period and eventually registers for a course within the quarter, a late registration fee will be assessed by the University Bursar's Office.

Prior to registering for classes, a student must resolve any registration holds that have been placed on his/her student record. To resolve a hold, the appropriate office(s) must be contacted. To navigate the eCampus registration system effectively, students are encouraged to monitor their accounts and clear any holds. Students will not be able to add or swap any classes until their records are clear. New students are encouraged to clear any holds as soon as possible related to missing transcripts identified at time of admission.

## **ACADEMIC AND UNIVERSITY POLICIES AND PROCEDURES**

### **Obligation to Read Email**

All official communications from the University, school, and departments are sent to the student's Santa Clara University email address. University and school officials will assume that all email sent to the student's SCU email address will have been received and read by the student.

Email sent by students using their Santa Clara email address is considered to be formal communication. The use of this password-protected account will constitute an electronic signature by the student.

### **Compliance with University, School and Department Policies**

Students are personally responsible for knowing all academic and administrative policies and regulations affecting their program of study and for abiding by all such policies and regulations during their period of enrollment at the University. Continued enrollment is subject to compliance with the academic and administrative policies and regulations as described herein and otherwise published by the University. Failure to understand the policies and regulations does not relieve students of their responsibility for adhering to the policies and regulations.

Students should refer to the individual program handbooks, available online and in each department office, for additional requirements of each academic program. Critical information about required courses, performance expectations, and guiding principles are found in each handbook. No policy in any handbook may supersede those set forth in this *Bulletin*. When a University policy and a school policy do not agree, the University policy applies. When a school policy and a department policy do not agree, the school policy applies.

### **Academic Program and Graduation Requirements**

Students are responsible for meeting, in a timely fashion, the

requirements set forth in this *Bulletin*. Each student is responsible for matriculation and ensuring satisfactory progress toward the degree. Students should direct any questions about requirements, policies, or procedures to the Program Director.

Candidates for a master's degree must submit a Petition to Graduate form, which can be found on the Program's website (<https://www.scu.edu/cas/academics/graduate-program-in-pastoral-ministries/forms/>) to the Director of the Graduate Programs in Pastoral Ministries by the following dates:

- December graduation (completion of coursework during fall term):  
Form due first Friday in October
- March graduation (completion of coursework during winter term):  
Form due third Friday in January
- June graduation (completion of coursework during spring term):  
Form due first Friday in March
- September graduation (completion of coursework during summer term): Form due third Friday in June

If a student wishes to participate in the Commencement ceremony in June and has eight or fewer units remaining in their academic program, the student must submit a Permission to Participate form. Petitioners must have completed all but two of the academic program's course requirements. Permission to Participate forms, which can be found on the program's website (<https://www.scu.edu/cas/academics/graduate-program-in-pastoral-ministries/forms/>) must be submitted online to the Director of the Program by the first Friday in March.

Candidates who fail to meet all requirements for graduation in the term specified in a Petition to Graduate form must file a new Petition to Graduate form, including any required documentation, by the due date in their final quarter.

## **Registration and Regulations**

Registration constitutes a commitment by the student to abide

by University, school, and Program policies, rules, requirements, and regulations. These include, but are not limited to, registration, academic performance and progress, student conduct, health and safety, housing, use of the libraries and computing resources, operation of vehicles on campus, facilities, and the payment of fees. Some of these are set forth in this Bulletin; others may be found in the respective University offices.

Students must enroll in courses for all non-summer terms of the academic year from the admit term until conferral of the degree. The only exception is for an authorized leave of absence; see the Leave of Absence section in this Bulletin for details. Students possessing an F-1 or J-1 student visa may be subject to additional course enrollment requirements in order to retain their legal immigration status in the United States; therefore, they must contact the Global Engagement Office prior to requesting a leave of absence.

Satisfactory completion of at least one course during each required enrollment term is necessary to make satisfactory progress toward degree/certificate. Students are responsible for complying with enrollment requirements associated with scholarships, loans, and loan deferments.

In addition, students are to be registered during the following: in each term when any official department or school requirement is fulfilled, including comprehensive exams and Capstone ePortfolio; in any term when financial support is awarded; in any term when University facilities are used; and, for international students, in any term of the academic year (summer may be excluded, except for the summer before the first academic year term) during non-immigrant visa status ( i.e. an F-1 or J-1 visa status).

Students who fail to enroll by the Add deadline or to be approved for a leave of absence by the start of a term are discontinued and must be re-admitted before returning to the same (or other) degree program. See the Readmission section for details. Students failing to satisfactorily complete at least one course during each required enrollment term will be placed on academic probation. See the

Academic Probation section for details.

Each quarter has a registration period allowing all students to enroll in courses. Returning students are assigned appointment times in the eCampus system during the designated registration period. Appointment times are assigned based on the number of units a student has accumulated and their current enrollment status. Students may register for courses any time after their assigned appointment day and time during the open enrollment period. Students may add, drop, or swap courses within the designated time frames. Students assume all fees associated with schedule changes. Please see the academic calendar in this Bulletin for important registration deadlines.

Note that the process to drop a course is a two-step process. Students are advised to complete both steps (the request and the confirmation) when dropping a course.

Prior to registering for courses, a student must resolve any holds placed on his/her account. To resolve a hold, contact the appropriate office(s).

## **DISABILITIES RESOURCES**

Students needing accommodation for a disability may contact SCU's Office of Disabilities Resources at 408-554-4109 or refer to their webpage at [www.scu.edu/disabilities](http://www.scu.edu/disabilities). See additional information in the Campus Life chapter in this Bulletin.

## **ACADEMIC STANDING**

### **Enrollment Status**

There are six enrollment status categories:

1. Active: Matriculated and making satisfactory progress in academic program
2. Non-degree: Attending classes but not seeking a degree
3. On Leave: On an approved leave of absence for a specific amount of time

4. **Withdrawn:** Voluntary and student-initiated removal from the academic program (The individual is eligible for readmission to the department and school.)
5. **Discontinued:** Failure to register for a required academic term, to obtain an approved leave of absence, or to return from an approved leave of absence will result in removal from the academic program(s) (The individual is eligible for readmission to department and school.)
6. **Dismissed:** Permanent termination of active student status in the Program and school in addition to the loss of all pertinent rights and privileges (The individual is prohibited from readmission to any program or department in the school.)

### **Full-Time Status Unit Requirement**

A full-time student must enroll and satisfactorily complete a minimum of 8 units per academic term (fall, winter, and spring quarters). Students are not required to enroll in the summer session in order to meet program requirements.

### **Academic Performance Standards**

Students are expected to maintain an overall minimum GPA of 3.0 (“B” grade). Those falling below this standard will be placed on academic probation. See the section on academic probation for details.

Students receiving a grade below C- in any one course will be dismissed from the program of study and the school. Dismissed students are not eligible for future admission into any academic program in the school.

### **Course Load**

Students may carry no more than 16 graduate units in a single quarter. Students wishing to exceed this limit must gain permission from the Program Director.

## **Academic Probation**

Students failing to maintain the required grade point average or make satisfactory academic progress will be notified by the Director at the end of the term and the student will be placed on academic probation.

Students on academic probation are required to meet with the Director to discuss the situation, and develop a plan for improving their academic performance. A summary of the discussion is to be written and submitted to the Senior Administrative Assistant. This record will be placed in the student's academic file. This process must be completed by the deadline to add courses for the specific quarter.

Any student failing to make satisfactory academic progress by the end of the following quarter (except summer) will be dismissed from the program of study and the school.

## **Program Withdrawal**

Students must discuss their plans to withdraw with the Director of the GPPM before initiating a withdrawal form from the University. International students holding visas should contact the Global Engagement Office to discuss how a withdrawal will affect their visa status.

When a student initiates a withdrawal from the University, a request must be made in writing to the Graduate Programs in Pastoral Ministries office via e-mail at [pastoralministries@scu.edu](mailto:pastoralministries@scu.edu). This email authorizes the Office to close the student's degree program and cancel the authorization to register. The request must be received prior to the start of the quarter in which authorization to register is to be cancelled.

Students who want to withdraw for health reasons or emergencies must contact the Program Director. The Director and Dean will work together on an appropriate response to the specific circumstance. For details, refer to the Student Handbook of Santa Clara University at [www.scu.edu/osl/student-handbook/](http://www.scu.edu/osl/student-handbook/).

The student is responsible for dropping courses through eCampus

separately from withdrawing from the University. Withdrawal from the University is not considered officially completed until all financial obligations are cleared with the Bursar's Office. Students on deferments or federally-funded loans must also clear financial obligations with the Financial Aid Office.

### **Readmission**

A student who has withdrawn or was discontinued from the school and wishes to return must submit a new application for admission. For details see <https://www.scu.edu/cas/academics/graduate-program-in-pastoral-ministries/admissions/>

Readmission decisions are made at the discretion of the Director and are based on several factors including, but not limited to, the following: the applicant's academic status when last enrolled; the length of the absence; the perceived potential for successful completion of the program; and any other factors or considerations regarded as relevant by the Director.

Students dismissed from the department and school are not eligible for readmission.

### **Changing Status within the Academic Program**

A student who was admitted as a non-degree student and who originally submitted one letter of recommendation with his/her application must submit an additional letter of recommendation from instructors in the Graduate Programs in Pastoral Ministries to change to degree-seeking status. A signed Petition to Add/Change of Degree Program form must be submitted to the Office of the Graduate Programs in Pastoral Ministries at [pastoralministries@scu.edu](mailto:pastoralministries@scu.edu)

## **Enrolling in a Course Outside One's Graduate or Professional Program**

Graduate and professional school students at Santa Clara University who want to explore fields and disciplines outside their degree programs may apply to enroll as non-degree students in classes offered by another academic program or school of the University.

Each school's Student Services Office has an Enrolling in a Course Outside of One's Graduate Program form.

Current Santa Clara students seeking to enroll in a course in a different Santa Clara school need to obtain and submit this form to the school in which they wish to enroll. Since current students have already been admitted to the University, the application fee and requirements for external letters, transcripts, and test scores will be waived.

Non-degree student status does not constitute admission or advanced standing in the target program.

Note the following applicable policies:

- To enroll in a class in another school, a student must have completed relevant prerequisite courses or their equivalents.
- Pre-payment is required. Enrollment will be permitted only after the end of the add/drop period in order to ensure that students who are matriculated in the degree program can complete the required curricula in a timely manner. Tuition will be reimbursed if the class is full.
- Students will pay the per-unit tuition charge of the school or program offering the class.
- Financial aid is not ordinarily available for enrollment across schools.
- Santa Clara University students enrolling as non-degree students across schools may enroll in only one course per term.
- The course will be recorded on the transcript, but credit will ordinarily not be applied toward the degree program in which the

student is matriculated. The grade will ordinarily not be included in the GPA.

- Exceptions to any of the above must be approved by deans (or their designees) from the original and target schools.

## **TIME LIMIT FOR COMPLETION OF ACADEMIC PROGRAM**

Requirements for the Master of Arts in Pastoral Ministries degree must be completed within ten years of admission. This timetable includes leaves of absences.

Requests for an extension of the time-to-completion requirements must be made in writing and submitted one month before the conclusion of the program's time limit. The request must include a detailed plan of how and when the requirements will be met. The Office of Student Services and Assessment and department chair must approve the request. The school has no obligation to grant an extension.

Typically, the maximum extension is one calendar year. However, a student may seek additional extensions with the approval of the Director of the Program.

Failure to satisfactorily complete the academic requirements (including University, and program requirements such as successful completion of comprehensive exams or Capstone ePortfolio) within the established time limits may lead to dismissal from the Program.

## **LEAVES OF ABSENCE**

In circumstances where continuous enrollment is not possible, students may request a suspension of their enrollment by means of a leave of absence. The Online Leave of Absence form is available by calling the Program office at 408-554-4831.

Students who do not meet the requirement for continuous registration during the academic year must obtain an approved leave of absence, in advance, for the term(s) they will not be registered. The leave of absence will be reviewed by the Director and, if the student is on a foreign student visa, by International Student Services. The

granting of a leave of absence is at the discretion of the Director of the GPPM.

The school may place conditions that it deems appropriate on its approval of a petition for a leave of absence. In the case of a leave for medical reasons, proof of treatment or an interview with a provider at Cowell Health Center may be required.

There is no obligation to grant the extension and doing so is at the discretion of the Director. The decision of the Program Director is final.

Failure to be enrolled by the appropriate deadline or to be approved for a leave of absence by the start of a quarter may result in discontinuation from the program of study.

Students may not take a leave of absence during their first matriculated quarter.

### **Length of Leave**

Leaves of absence, whether continuous or discontinuous, are granted for a maximum of one calendar year. Any exception must be approved by the Program Director.

To request an extension of the leave of absence beyond one year, the student must submit a letter to the GPPM Director explaining the circumstances and outlining a plan to complete the program of study. There is no obligation to grant the extension and doing so is at the discretion of the Program director. The Program Director's decision is final.

### **Status while on Leave**

Students on an approved leave of absence retain their student status; however, they are not registered and therefore do not have the rights and privileges of registered students. Students on leave may complete course work for which an incomplete ("I") grade was reported in a prior term and are expected to comply with the terms governing incomplete grades. The leave of absence does not extend the maximum time limit of the program expiration date.

Official department requirements (e.g., comprehensive examinations, Capstone ePortfolio) cannot be fulfilled during the leave period.

Failure to return to the University as scheduled or to secure an extension of a prior leave will result in discontinuation from the academic program.

When a student is granted a leave of absence after the beginning of the term, courses in which the student was enrolled after the drop deadline will appear as a “W” on the transcript. To avoid a “W” grade, students must drop all courses prior to filing for a leave of absence.

If a leave of absence is requested after registration has occurred, the student is responsible for dropping all courses through eCampus in addition to filing for the leave.

## **ATTENDANCE**

Students are expected to attend all class sessions. Specific attendance requirements (including consequences for absences, and being allowed ZOOM into a class) are set by the faculty member in the course syllabus and are binding. Whether or not the assignments were announced during an absence, students are accountable for all course assignments.

## **GRADING SYSTEM**

Grades are assigned by the instructor to reflect the quality of a student's work. Plus (+) and Minus (-) suffixes are incorporated with the letter grades to provide the following marks (and numerical equivalents that indicate grade points):

<b>A</b>	=	4.0
<b>A-</b>	=	3.7
<b>B+</b>	=	3.3
<b>B</b>	=	3.0
<b>B-</b>	=	2.7
<b>C+</b>	=	2.3
<b>C</b>	=	2.0
<b>C-</b>	=	1.7
<b>D+</b>	=	1.3
<b>D</b>	=	1.0
<b>D-</b>	=	0.7
<b>F*</b>	=	0.
<b>W</b>	=	Withdrawn
<b>I</b>	=	Incomplete
<b>NS</b>	=	No Show
<b>N</b>	=	Continuing Work
<b>AUD</b>	=	Audit

**\*Any student who receives an F will be dismissed from the program.**

## **Withdrawn (W)**

The mark of “W” is assigned when a student completes the formal requirements to drop a course or withdraw from the University. A mark of “W” cannot be changed to any other grade or mark. A mark of “W” is included in the student’s academic record and appears on the student’s transcript, but is not included in the calculation of the student’s GPA.

## **Incomplete Grades**

An “I” (Incomplete) grade may be assigned by the instructor when a student does not complete some essential portion of the assigned work in a class because of extraordinary circumstances beyond the student’s control. The unfinished work must be completed and given to the instructor within three weeks of the beginning of classes in the next scheduled term (not the student’s next term of enrollment), excluding summer session, unless extraordinary circumstances require an extension. A request for an extension must be submitted in writing by the instructor, and approved by the Program Director, within the original three-week period. Extensions shall not be for longer than two academic quarters after the incomplete was assigned, excluding summer session. An incomplete that has not been completed within the specified deadline or has not received an approved extension will be converted to a grade of “F.”

***The obligation to fulfill an incomplete resides solely with the student. There is no appeal process in the failure to comply with this policy.***

## **No Show (NS)**

A grade of “NS” is assigned when a student fails to attend and does not drop a course for which s/he has registered. The “NS” grade does not impact the student’s GPA, but cannot be changed or removed from the transcript.

## **Continuing Work (N)**

An instructor may assign the mark of “N” when course requirements

span more than one term. When course requirements are completed, the instructor assigns a standard grade. A student may not graduate and receive a degree or certificate with a mark of “N” on his/her academic record.

### **Audit (AUD)**

The mark of “AUD” is assigned when a student enrolls in a class on an audit basis. A mark of “AUD” cannot be changed to any other grade.

Students accepted into degree programs may audit one course per quarter. No more than three courses may be audited during a student’s degree program. Permission to audit a course will be given only (1) at the end of the late registration period, (2) if space is available in the class, and (3) with approval of the instructor. No credit is assigned for an audited course, but the successful completion of an audit will be indicated on a student’s transcript by the grade of “AUD.”

In order to audit a course, an add/drop form must be approved by the instructor and submitted to the Program Office.

### **GRADE POINT AVERAGE (GPA)**

A student’s GPA is determined by multiplying each grade point value by the number of quarter units assigned to the course, adding these grade point units from all courses taken, and dividing this sum by the total number of quarter units for which letter grades were reported. Grade reports are posted at the end of each quarter and indicate both the GPA earned by the student during the quarter and the cumulative GPA earned by the student for all courses completed to that point.

### **EVALUATION OF PROGRESS**

Grades are available at the end of the term via eCampus. Faculty members are expected to apprise students of their course progress at reasonable intervals. Some measurements of progress should take place in time to enable students to make reasonable decisions with respect to withdrawal deadlines.

## **REPETITION OF COURSES**

Certain courses are repeatable, and students will receive a grade and units for each successful completion. Students should consult the Program Director to confirm that a given course may be repeated for credit. In such cases, the grades of both the original and the repeated course are included in the calculation of the student's GPA, but units toward completion of the academic program are awarded only once for each course passed.

## **CHANGE OF GRADE**

Only the instructor of record assigns grades. All grades, except for incomplete ("I") and continuing work ("N") grades, become final when assigned and reported to the Office of the Registrar. An instructor may approve and report a correction of a final grade to the Office of the Registrar only if a clerical or procedural error was made in assigning, transmitting, or recording the original grade. Grades can only be changed up to one year after the class was originally taken.

## **APPEAL OF GRADE**

The assignment of course grades is one of the chief means by which instructors communicate to students and the University about student achievement in their courses. Therefore, grades must be assigned after careful evaluation of students' work and meticulous consideration of the weighted value of all students' work. This evaluation is based on the criteria and procedures communicated to the students by the instructors in the syllabus.

Assessment of student learning is at the sole discretion of the instructor of record. Such assessments are not negotiable. When registering for a class, a student implicitly agrees to allow the instructor to make a qualitative judgment of his/her command of the subject matter to be expressed as a letter grade.

The classroom context that is assumed in a learning community is one in which (1) grading policies are fair and clearly communicated to students, (2) grading practices are characterized by relatively good reliability and validity, and (3) grading error or bias is neutralized by enlightened sensitivity and attention to the possibility of such error or bias. Even within this context, it is possible for students to perceive that they have been graded unfairly and to seek redress. To address and resolve such cases, a procedure for such redress has been established within the College of Arts and Sciences.

The following appeal process should be used to resolve an allegation:

- A. A student with a complaint must first discuss the matter with the faculty member. Any procedural complaint regarding a change of grade must be initiated within four weeks of the beginning of the next scheduled term, not including the summer session. The student is responsible for making clear to the faculty member that he/she is in the process of appealing a grade.
- B. If the matter is not resolved at this level, the student may then take the matter to the Faculty Advisor to the GPPM. The student is responsible for making clear that he/she is in the process of appealing a grade. The Faculty Advisor will discuss the case with the faculty member and may recommend that the faculty member review the grade.
- C. If the matter is still not resolved, upon request of the student, the matter may be taken to the dean who will designate an associate dean to proceed in similar fashion. Specifically, the student should submit a written complaint to the associate dean that includes the complaint, any evidence that supports the allegation of unfair grading and information on the steps have been previously taken to resolve the matter. The associate dean will review the complaint and may recommend that the faculty member review the grade.
- D. If the matter is not resolved by the associate dean, upon request of the student, the dean may review the complaint. The dean may convene a panel of faculty to assist in the review. After consulting with the panel of faculty, the dean may recommend that the

faculty member review the grade. The request by the student for the dean to reconsider the recommendation made by the associate dean should meet the following conditions:

- The student has 30 calendar days to file with the dean a petition for reconsideration of a decision made by the associate dean. The petition shall be submitted in writing and list the reasons for the request for reconsideration.
- The dean shall respond within 30 days of receipt of the petition.
- Requests for reconsideration of a decision about an appeal that was filed are restricted to the following grounds: The existence of significant and relevant new material that has become available since the student's original appeal was considered.
- Upon receiving a valid request to reconsider the decision of the associate dean, the dean shall ask for recommendations on whether to reverse or to reaffirm the decision from the appropriate chair, faculty, school committee, or associate dean.
- The dean shall then form and communicate her or his decision, which shall be final, in writing to the appellant.

E. If the matter is not resolved by the dean, upon request of the student, the provost may review the complaint. The provost may convene a panel of faculty to assist in the review. After consulting with the panel of faculty, the provost will respond in writing to the student.

F. This process of review gives the chair, associate dean, dean, and provost the right to discuss the matter with the faculty member, and if they think it appropriate, request that the faculty member review the grade. Any recommendations made will not be binding upon the faculty member against whom the complaint is lodged. The decision to change a grade remains with the faculty member.

### **Procedures for Student Grievances Concerning Unfair Treatment by Faculty**

Santa Clara is dedicated to being a community enriched by men

and women of diverse backgrounds and perspectives, respectful of difference and enlivened by open dialogue, caring and just toward others, and committed to broad participation in achieving the common good. In the same way that we require faculty to be collegial in their practice of scholarship, teaching, and service, we expect faculty of the school to be professional and fair in all their interactions with students, both in and outside of the classroom.

A student who feels that he/she has been disadvantaged by capricious or biased decision-making by faculty/staff may initiate a formal grievance. The allegation can be resolved as described below:

- A. A student with a grievance must first discuss the matter with the faculty/staff member. Any complaint must be initiated within four weeks of the beginning of the next scheduled term, not including the summer session. The student is responsible for making clear to the faculty member that he/she is in the process of filing a grievance.
- B. If the matter is not resolved at this level, the student may then take the matter to the chair of the department involved. The student is responsible for making clear to the chair that he/she is in the process of filing a grievance. The chair will discuss the case with the faculty/staff member and may counsel the faculty member.
- C. If the matter is not resolved at this level, upon request of the student, the complaint may be taken to the dean who will proceed in a similar fashion. Specifically, the student should provide a written complaint to the dean, who may delegate the investigation to an associate dean. The associate dean will review the complaint and respond in writing to the student.
- D. If the matter is not resolved by the associate dean, upon request of the student, the dean may review the complaint. The dean may convene a panel of faculty to assist in the review. After consulting with the panel of faculty, the dean will respond in writing to the student. The request by the student for the dean to reconsider the recommendation made by the associate dean should meet the following conditions:

- The student has 30 calendar days to file with the dean a petition for reconsideration of a decision made by the associate dean. The petition shall be submitted in writing and list the reasons for the request for reconsideration.
  - The dean shall respond within 30 days of receipt of the petition.
  - Requests for reconsideration of a decision about a grievance that was filed are restricted to the following grounds: The existence of significant and relevant new material that has become available since the student's original grievance was considered.
  - Upon receiving a valid request to reconsider the decision of the associate dean, the dean shall ask for recommendations on whether to reverse or to reaffirm the decision from the appropriate chair, faculty, school committee, or associate dean.
  - The dean shall then form and communicate her or his decision, which shall be final, in writing to the appellant.
- E. If the matter is not resolved at this level, upon request of the student, the provost may review the complaint. The provost may convene a panel of faculty to assist in the review. After consulting with the panel of faculty, the provost will respond in writing to the student.
- F. This process of review gives the chair, associate dean, dean, and provost permission to discuss the grievance with faculty or staff members, students, or others as appropriate.

## **ACADEMIC CREDIT EVALUATION**

### **Transferring Classes from Other Institutions**

Students may transfer up to 12 quarter units of graduate-level (post-baccalaureate) coursework from other accredited institutions. Courses to be considered for transfer must have been completed within five years of the initial enrollment date in the Graduate Programs in Pastoral Ministries. Transferred credits only apply to the specific course for which the exemption is sought. Successfully transferred classes appear as transfer units on the student's Santa Clara University transcript.

For consideration, the student must submit the Application for Transfer Credit form to the Director of the Program, the syllabus from the original course, a certified official transcript from the accredited institution, and all other applicable documents. A minimum grade of “B” in the course(s) is required.

The instructor of the equivalent course and the Faculty Advisor shall review the request and submit their recommendations to the Program Director.

### **Waiving Courses**

Students wishing to waive courses must submit the Application for Waiver Credit form to the Program office, official transcript(s) from the accredited institution(s), a course description, and a syllabus detailing the coursework completed. A minimum grade of “B” is required. The instructor of the equivalent course and the department chair shall review requests for course waivers. Recommendations are then submitted to the Graduate Programs in Pastoral Ministries. Courses need to have been completed within five years of the initial enrollment date.

Such waivers are rare and may be granted only in cases where a student has had recent and parallel graduate coursework or experience. The content of the substituted course must be consistent with the academic goals and objectives of the respective program.

Students who waive classes with the permission of the Program Director and Faculty Advisor receive no indication on their transcript that the classes have been waived, but a notation is made in the student’s file that the specific class requirements have been met and waived. Another class must be taken in lieu of the waived class.

### **Challenging Courses**

Students may challenge certain courses that satisfy specific degree requirements. A successful challenge may allow a student to substitute an elective for an otherwise required course.

Challenged courses, however, do not satisfy the unit requirement for

graduation. Students may be required to take another class in lieu of the challenged class in order to meet this requirement.

Students are not allowed to challenge more than three courses. A successfully challenged course is appropriately acknowledged on the student's transcript.

To challenge a course, students must (1) have completed at least 15 units at Santa Clara (unless an exception is granted by the Faculty Advisor in writing); (2) have a cumulative GPA of at least 3.2; and (3) have permission from the instructor, Faculty Advisor, and the Program Director to proceed with the challenge. The instructor must complete a written description of the proposed challenge process and have it reviewed by the Faculty Advisor. The request is then submitted for approval to the Program Director.

The course equivalency examination for challenged courses may be either oral or written, as determined by the instructor. There is a \$100 fee to take a course equivalency examination.

### **Student Records and Release of Information**

The Family Educational Rights and Privacy Act of 1974 (FERPA) protects the confidentiality of the University records of Santa Clara University students. A student is any person who attends or has attended class, which includes courses taken through videoconference, satellite, Internet, or other electronic and telecommunication technologies, and for whom the institution maintains educational records. The University is authorized under provisions of the Act to release directory information to any person on request, unless a student explicitly requests in writing that the University not do so and keep directory information confidential.

A student's directory information is designated as follows:

1. Student's name
2. Address: Campus post office box, local, and permanent address (residence hall and room numbers are not disclosed)
3. Telephone number

4. Email address
5. Photograph
6. Date and place of birth
7. Major field of study
8. Classification level/academic level
9. Dates of attendance (defined as academic year or quarter)
10. Participation in officially recognized activities and sports
11. Weight and height of members of athletic teams
12. Degrees (including expected or actual degree date), honors, and awards received and dates
13. Most recent educational agency or institution attended

During the registration period and throughout the academic year, students may request in writing, through the Office of the Registrar, that directory information be kept confidential. Once filed, the request remains in effect until the beginning of the next academic year, or a shorter period, if designated by the student. Graduating students must notify the Office of the Registrar in writing to remove the nondisclosure notation from their record.

The University is authorized under FERPA to release educational and directory information to appropriate parties without consent if the University finds an articulable and significant threat to the health or safety of a student or other individuals in light of the information available at the time.

Former or current borrowers of funds from any Title IV student loan program should note carefully that requests for nondisclosure of information will not prevent the University from releasing information pertinent to employment, enrollment status, current address, and loan account status to a school lender, subsequent holder, guarantee agency, United States Department of Education, or an authorized agent.

Students have the right to inspect and review their educational records at the following offices:

- Official academic records, including application forms, admission transcripts, letters of acceptance, and a student's permanent academic record are on file and maintained in the Office of the Registrar.
- Deans in their respective offices also maintain working academic files.
- Records related to a student's nonacademic activities are maintained in the Office of Student Life.
- Records relating to a student's financial status with the University are maintained in the Bursar's Office.

Students have the right to request the amendment of their educational records to ensure that they are not inaccurate, misleading, or otherwise in violation of a student's privacy or other rights. Students may direct complaints regarding academic records to the dean of the school in which they are enrolled or to the University registrar. In addition, students have the right to file a complaint with the United States Department of Education concerning alleged failures by the University to comply with the requirements of the Act. Written complaints should be directed to the Family Policy Compliance Office, Department of Education, 400 Maryland Ave. S.W., Washington, D.C. 20202-5920.

For further information regarding Santa Clara University's FERPA policy, see [www.scu.edu/ferpa/ferpa-basics](http://www.scu.edu/ferpa/ferpa-basics).

## **CRIME REPORTING**

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires colleges and universities across the United States to disclose information about crime on and around their campuses.

It is the policy of Santa Clara University to inform the campus community in a timely manner of any potential threat to the health, safety, or security of any or all persons on campus. The Director of Campus Safety Services is responsible for gathering, recording, and disseminating such information and for decisions regarding the content, time, and manner of distribution. Depending on the circumstances, the Director of Campus Safety Services may request the assistance of various University departments and/or administrators in carrying out this responsibility. For campus statistics on crime, see [www.scu.edu/media/offices/university-operations/campus-safety/campussafety/crime-reporting/SCU-Annual-Security-and-Fire-Safety-Report-2015](http://www.scu.edu/media/offices/university-operations/campus-safety/campussafety/crime-reporting/SCU-Annual-Security-and-Fire-Safety-Report-2015). The Clery Daily Crime Log is kept at the Campus Safety Office and may be viewed by any person at any time.

## **NONDISCRIMINATION POLICY**

Santa Clara University prohibits discrimination and harassment on the basis of race, color, religious creed, sex, gender, gender expression, gender identity, sexual orientation, religion, marital status, registered domestic partner status, veteran status, age, national origin or ancestry, physical or mental disability, medical condition including genetic characteristics, genetic information, or any other consideration made unlawful by federal, state, or local laws in the administration of its educational policies, admissions policies, scholarships and loan programs, athletics, or employment-related policies, programs, and activities; or other University-administered policies, programs, and activities.

Additionally, it is the University's policy that there shall be no discrimination or retaliation against employees or students who raise issues of discrimination or potential discrimination or who participate

in the investigation of such issues. The University will provide reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability under the law.

Inquiries regarding equal opportunity policies, the filing of grievances, or requests for a copy of the University's grievance procedures covering discrimination and harassment complaints should be directed to:

Aaron Zisser  
EEO and Title IX Coordinator  
Office of EEO and Title IX  
Santa Clara University  
900 Lafayette Street, Suite 100  
Santa Clara, CA 95050  
408-554-4113  
azisser@scu.edu

All students are required to complete the training on Title IX compliance during their first quarter attending classes. An automatic hold will be placed on their enrollment until they have completed this required online course.

## **FACULTY RESPONSIBILITY**

While all faculty want a student to feel comfortable coming to them with issues he/she may be struggling with or concerns he/she may be having, please be aware that there are some reporting requirements that are part of a faculty member's job at Santa Clara University.

For example, if a student informs a faculty member of an issue of harassment, sexual violence, or discrimination, the faculty member will keep the information as private as they can, but they are required to bring it to the attention of the institution's EEO and Title IX Coordinator. If a student informs a faculty member that he/she is struggling with an issue that may be resulting in, or caused by, traumatic or unusual stress, the faculty will likely inform the campus Student Care Team (SCU CARE).

- Students may reach out directly to the Student Care Team for assistance. For contact information, see [www.scu.edu/osl/scu-care](http://www.scu.edu/osl/scu-care).
- Students may talk to the Office of EEO and Title IX directly at 408-554-3043 or by email at [azisser@scu.edu](mailto:azisser@scu.edu).

Reports may be submitted online through [www.scu.edu/osl/scu-care](http://www.scu.edu/osl/scu-care) or anonymously through Ethicspoint at [www.scu.edu/hr/quick-links/ethicspoint/](http://www.scu.edu/hr/quick-links/ethicspoint/).

- Additionally, students may report incidents or complaints to the Office of Student Life (OSL), Campus Safety Services, and local law enforcement.
- For confidential support, students may contact the Counseling and Psychological Services office (CAPS), the YWCA, or a member of the clergy (for example, a priest or minister).

Finally, please be aware that if, for some reason, a student's interaction with a faculty member involves a disruptive behavior, a concern about their safety or the safety of others, or a potential violation of University policy, the faculty member will inform the Office of Student Life. The purpose of this is to keep OSL apprised of incidents of concern, and to ensure that students can receive or stay connected to the academic support and student wellness services they need.

# Financial Information

## BILLING AND PAYMENT PROCEDURES

### Student Accounts and Billing

Students assume responsibility for all costs incurred as a result of enrolling at Santa Clara University and agree to abide by applicable University policies and procedures. Students may designate a third party (e.g., spouse) to be an authorized user for the purpose of reviewing student account/billing information and remitting payment on the student's behalf. However, it is ultimately the student's responsibility to make sure all financial obligations are completed by the published deadlines.

Students receive monthly billing statements electronically via a third-party vendor that are accessible through University eCampus. Billing notification will be sent to the student's assigned SCU gmail address and to the e-mail address of any authorized user. Students also may forward their billing statement electronically to any third party they authorize for remittance. Information on a student's account cannot be provided to any third party until a completed Family Educational Rights and Privacy Act (FERPA) form, authorizing its release by the student, is on file with the University. This form is available online via the students eCampus.

Students are obligated to pay the applicable tuition and fees associated with their enrollment status by the published payment deadline. Students enrolling after the initial billing of any quarter may be required to pre-pay for tuition before enrollment is granted. Registered students who do not withdraw formally from the University are responsible for all tuition and fees assessed to their accounts as well as any penalty charges incurred for nonpayment. Nonattendance does not relieve the student of his or her obligation to pay tuition and fees.

For more helpful information, including detailed instructions on Santa Clara University's billing and payment procedures, see [www.scu.edu/bursar](http://www.scu.edu/bursar).

## **BILLING DATES AND DEADLINES**

- Fall 2023: Billing available August 1; payment due August 21
- Winter 2024: Billing available December 1; payment due December 21
- Spring 2024: Billing available March 1; payment due March 21
- Summer 2024: Billing available May 1; payment due May 21

## **PAYMENT METHODS**

Santa Clara University offers the following payment methods to students to assist with their financial obligations:

### **Payment by Electronic Check**

A student or authorized user may make online payments by authorizing a fund transfer directly from his/her personal checking or savings account through the SCUpay system. Students will login to eCampus to complete their transaction; authorized users will login to a separate URL provided at the time their access is created.

### **Payment by Mail**

Payment by personal or cashier's check for student account charges can be mailed to: SCU Payment Processing, P.O. Box 550, Santa Clara, CA 95052-0550. The payer should include a copy of the student's billing statement for reference and accurate posting.

### **Payment in Person**

Payments for student account charges may be made in person by personal/cashier's check, money order, or cash at the Enrollment Services Center in the Admissions and Enrollment Services Building. The University is not able to accept any electronic form of payment, including debit or credit cards. However, there are computer kiosks located in the Enrollment Services Center for the convenience of students and payers to make electronic payments.

### **Extended Payment Option**

For students and their families wishing to spread payments over a

period of time, the University offers term payment plans, which are available through the online billing system via eCampus. There is a modest fixed fee to enroll in these plans, but no interest is charged during the payment term. Information about these plans is available on the Bursar's Office website at <https://www.scu.edu/bursar/>

## **Delinquent Payments**

If all charges on a student's account have not been cleared by payment, financial aid, or loan disbursement, a late payment fee will be assessed to the student's account and a hold will be placed on the student's record. A hold on a student's record prevents the release of transcripts or diplomas, and access to any registration services, and may limit access to other University services. Students who have unpaid accounts at the University or who defer payment without approval are subject to dismissal from the University. All unpaid balances will accrue 10 percent interest per annum on the balance remaining from the date of default, in accordance with California state law.

Delinquent student accounts may be reported to one or more of the major credit bureaus and may be forwarded to an outside collection agency or an attorney for assistance in recovering the debt owed to the University. The student is responsible for all costs incurred to collect outstanding debt including, but not limited to, accrued interest, late fees, court costs, collection fees, and attorney fees. All outstanding bills and costs of collection incurred by the University must be paid in full prior to a student re-enrolling at the University.

## **Billing Disputes**

If a student believes there is an error on his or her billing statement, a written explanation should be forwarded to: Santa Clara University, Bursar's Office, 500 El Camino Real, Santa Clara, CA 95053-0615. The Bursar's Office must receive written correspondence within 60 days from the billing statement date on which the error appeared. Communication can be made by telephone, but doing so will not preserve the student's rights.

Communication should include the student's name, SCU identification number, the amount in question, and a brief explanation. Payment for the amount in question is not required while the investigation is in progress. An adjustment will be made on the student's account for any incorrect charges. If the amount in question is found to be valid, payment must be submitted to the Enrollment Services Center immediately upon notification.

## **TUITION REFUND POLICY AND PROCESSES**

### **Process**

Students may be eligible to receive a refund due to excess financial aid or change in enrollment. Refunds are not provided for an overpayment on an account. The refund process begins after the late registration period of each term. Students must have a credit balance before a request can be processed. Students should enroll in direct deposit, prior to requesting a refund, to obtain their funds quickly and securely. Refunds requested by check are delayed significantly. Payments received by personal check will have a 21-day hold before a refund can be issued; a 5-day hold will be imposed for electronic check payments. For more information on the refund criteria and process, see [www.scu.edu/bursar/refund](http://www.scu.edu/bursar/refund).

### **Policy**

Students who formally withdraw from the University or drop courses are eligible for a tuition refund in accordance with the policies outlined below. No refunds are made for registration fees, student activity fees, or course audit fees.

The effective date used for the determination of any tuition refund is the date on which the student drops his or her course online—not the last date of attendance. Students who fail to drop a course, even if they do not attend, or fail to notify the University of their intent to withdraw, regardless of the reason, will be responsible for payment of all tuition and fee charges.

Neither informing an individual faculty member, an academic department, nor the Dean's Office constitutes an official withdrawal

from the University. The official date of withdrawal from the University cannot be backdated prior to the date on which the student notifies the Program office of the intent to withdraw.

### **Fall, Winter, and Spring Quarters**

Students who drop courses or withdraw from the University during the fall, winter, or spring term will receive a tuition refund in accordance with the following:

- By the end of the first week of classes: A 100% tuition refund, less any applicable fees
- By the end of the second week of classes: A 50% tuition refund, less any applicable fees
- By the end of the third week of classes: A 25% tuition refund, less any applicable fees
- After the third week of classes: Zero tuition refund

### **FINANCIAL HARDSHIP**

Students who withdraw from the University or drop courses due to an illness, injury, or psychological/emotional condition are eligible for a tuition refund in accordance with the schedule above. Tuition insurance may be purchased to cover tuition charges for medically related withdrawals that occur after the first week of the term.

Santa Clara University degree students who withdraw from the University or who are administratively withdrawn from the University after the third week of the term due to a qualifying financial hardship may be eligible for an allocation from the student hardship fund for 25 percent of the tuition charges for that term. Qualifying financial hardships include (1) death, disabling injury, or medical emergency; (2) loss of job by an independent student; (3) medical or other emergency involving a dependent of an independent student; and (4) student deployment for active military duty. The vice provost for student life or designee, in consultation with the Financial Aid Office, will determine qualifying financial hardships and any allocation from the student hardship fund. Students must submit a request

for an allocation from the student hardship fund by the end of the applicable term.

No tuition refunds are made because of curtailed services resulting from strikes, acts of God, civil insurrection, riots or threats thereof, or other causes beyond the control of the University.

## **TUITION INSURANCE PROTECTION**

Students may protect themselves from loss of funds paid toward tuition/fees, by purchasing tuition insurance provided by A.W.G. Dewar Inc. This low-cost plan is designed to assist those that have an unexpected withdrawal from the University due to medical reasons. Plan enrollment is available annually or by quarter. Enrollment must be completed before the first day of school to be eligible for insurance benefits. For more information, see [www.collegerefund.com](http://www.collegerefund.com).

## **TUITION AND STUDENT FEES**

The Board of Trustees, upon the recommendation of the president and the provost, sets the annual academic year tuition rate for all programs. Students are charged tuition based on the rates approved by the Board of Trustees. The recommended site to review and verify the official tuition and fee rate schedule is [www.scu.edu/bursar/tuition](http://www.scu.edu/bursar/tuition). Tuition and fee rate differences found in other publications will not be honored.

## **MANDATORY HEALTH INSURANCE**

Santa Clara University requires all degree-seeking students enrolled at least half -time in their school or college to have health insurance (excluding certificate and online programs). ALL F-1 visa students, regardless of number of units, are required to have insurance. This requirement helps to protect students from incurring unexpected high medical costs and provide students with access to quality health care.

Students may purchase the University-sponsored Aetna Student Health Insurance plan, but are not required to if they can provide proof of other insurance coverage comparable to the Aetna Student Health Insurance plan as outlined in the benefit and waiver requirements below. Students with comparable health insurance must complete the Online Waiver Form with their own insurance information prior to the waiver deadline to avoid being automatically enrolled into the school-sponsored plan and having their student account inappropriately charged. *The waiver is required every academic year.* The deadline to apply for the waiver is mid-September. The waiver is available online at [www.scu.edu/cowell/insurance/waiver-information/](http://www.scu.edu/cowell/insurance/waiver-information/)

## **1098-T INFORMATION**

### **Educational Tax Credits**

The 1098-T is a statement of qualified tuition and fees charged by SCU that is provided to the student and to the IRS. The 1098-T is filed by Santa Clara University for each student who is a U.S. citizen or permanent resident, and for whom reportable transactions are made for a calendar year. Santa Clara University has contracted with a vendor, Tax Credit Reporting Service (TCRS), to provide Form 1098-T to SCU students.

*Note to students: Your personal financial records serve as official supporting documentation for your federal income tax return. The information on the 1098-T form is only provided to assist you.*

In general, qualified tuition and related expenses include tuition and fees required for enrollment or attendance at an eligible educational institution. Student-activity fees and fees for course-related books, supplies, and equipment are included in qualified tuition and related expenses only if the fees must be paid to the institution as a condition of enrollment or attendance.

Qualified tuition and related expenses do not include the cost of insurance, medical expenses (including student health fees), room and board, transportation, or similar personal, living, or family expenses, even if the fee must be paid to the institution as a condition of enrollment or attendance.

Qualified tuition and related expenses generally do not include expenses that relate to any course of instruction or other education that involves sports, games, or hobbies, or any noncredit course. However, if the course of instruction or other education is part of the student's degree program or, in the case of the lifetime learning credit, is taken by the student to acquire or improve job skills, these expenses can qualify.

IRS regulations require that all institutions assessing qualified charges mail a 1098-T to each student with qualified charges in the year just ended.

Students may view and print their 1098-T tax form via [www.irs.gov/pub/irs-pdf/f1098t.pdf](http://www.irs.gov/pub/irs-pdf/f1098t.pdf).

## **Information Reported**

The 1098-T form reports the name, Social Security Number, and address of the student, and indicates whether the student was a graduate student or at least half-time during the calendar year.

*Note to students: Institutions are required to report either the payments received for qualified charges or the amounts billed for qualified charges. Since SCU does not identify payments on your student account with specific charges, it is not possible to accurately report amounts paid just for eligible charges, therefore we have elected to report amounts billed. If you qualify for an educational credit, you should use your personal records and student account statements to determine the amounts that you actually paid toward the charges reported on the 1098-T.*

SCU is required to report all qualified transactions in the actual calendar year during which they were posted to student accounts, regardless of when the transaction was paid.

*No SCU employee may give tax advice regarding these credits. Students who are unsure about their eligibility or have any questions, should consult with a qualified tax preparer.*

## **Students with Nonresident Alien Status**

Institutions are not required to report the demographic and financial data for students with nonresident alien status during a reporting year unless the student requests a 1098-T form. To receive a 1098-T, students with nonresident alien status must have a social security number on file with the Santa Clara University Registrar's Office.

## **How to Request a Form or Changes**

Students who did not receive a 1098-T form can go online at [www.irs.gov/pub/irs-pdf/f1098t.pdf](http://www.irs.gov/pub/irs-pdf/f1098t.pdf) to download a copy. Additional hardcopy forms will not be mailed.

If a 1098-T form contains incorrect information, a 1098-T Change Request form (available online at [www.scu.edu/bursar/1098](http://www.scu.edu/bursar/1098)) may be submitted to the Bursar's Office by fax. Fax information is located on the form. Requests may take 5 to 7 days to process. Once completed,

the student will be notified when the form is available online at [www.1098-T.com](http://www.1098-T.com). A hard copy of the form will not be mailed to the student. Phone inquiries should be directed to TCRS at 877-467-3821.

For more information regarding tax credits and eligibility, visit the IRS website at [www.irs.gov/pub/irspdf/f1098t.pdf](http://www.irs.gov/pub/irspdf/f1098t.pdf).

## **GRADUATE STUDENT LOANS**

To help cover the cost of education, students may be able to take advantage of a variety of student loan programs. Typically, these programs offer low-interest rates and repayment plans that are designed for students. In many cases, loan payments do not start until after the student has graduated or becomes enrolled less than half-time.

### **Federal Student Loans**

Most students who apply for financial aid are offered some loans that are sponsored by the federal government. These loans are typically included in financial aid awards.

- **William D. Ford Federal Direct Loan:** The Federal Direct Loan program, generally known as Federal Stafford Loans, provides students with a simple and convenient way to borrow money to pay for their education.
- **Federal Direct Graduate PLUS Loan:** Federal Graduate Direct PLUS Loans from the U.S. Department of Education are available

for students seeking master's, doctoral, or specialist degrees. The Federal Graduate Direct PLUS Loan enables graduate students to borrow up to the cost of education minus any other financial aid.

### **Return of Title IV Funds**

When a student recipient of federal Title IV financial aid officially withdraws or unofficially withdraws by ceasing to attend, federal regulations require a Return of Title IV funds calculation to determine if any federal Title IV aid must be repaid. Federal Title IV aid includes the Federal Pell Grant, Federal Supplement Educational Opportunity Grant, the Teacher Education Assistance for College and Higher Education Grant, Federal Perkins Loan, William D. Ford Federal Direct Loan, and the William D. Ford Federal Direct PLUS Loans (parents and graduate students).

### **Repayment Calculation**

The amount of federal Title IV aid to be repaid is calculated based on the percentage of time completed with a quarter. This involves calculating the amount of Title IV aid earned by the student, and the amount of institutional charges for that quarter. Prior to withdrawing for the term, students are encouraged to contact a financial aid advisor. When unearned federal Title IV funds are repaid, they are returned by program and up to the disbursed amount for each program. Unearned federal Title IV funds are repaid in the following order:

- Unsubsidized Federal Direct Stafford loans
- Subsidized Federal Direct Stafford loans
- Federal Direct PLUS loan received on the behalf of the student

### **Notification**

Students will be notified via e-mail and eCampus ([www.scu.edu/ecampus](http://www.scu.edu/ecampus)) of financial aid changes no later than 45 days after the determination that a student withdraws. The return of funds process typically results in a balance due on the student's account, which is the student's responsibility to pay. Current information on a student's

financial aid award status and Bursar's account is available via eCampus.

Matriculated students must be enrolled in a minimum of 4 units to be eligible for federal financial aid.

If a student withdraws or drops below the 4-unit minimum, s/he may no longer be eligible to receive student loans. The account will be adjusted accordingly and aid returned to the appropriate program. If a refund has been issued, these funds must be reimbursed to Santa Clara University immediately. For more information on financial aid forfeiture, visit the Financial Aid Office website ([www.scu.edu/financialaid](http://www.scu.edu/financialaid)) or make an appointment with a financial aid counselor.

## **STUDENT VERIFICATION OF INFORMATION**

The United States Department of Education requires all institutions disbursing federal financial aid funds to verify the accuracy of the information students submit as a basis for aid awards. Santa Clara University complies with this requirement by participating in the Federal Quality Assurance Program. Each year, a percentage of students receiving federal financial aid funds are randomly selected for verification of the information on which their awards were based. Students selected for verification may be required to submit additional documents and verify information, such as household size and number of family members enrolled in college. The University reserves the right to request similar information for verification purposes for any student awarded aid. Information collected may result in changes to a financial aid award and, in some cases, the repayment of funds already received. Failure to comply with the request for this information will result in the cancellation of financial aid funds.

## DEADLINES

The University Financial Aid Office has established deadlines for the programs it administers. All students requesting financial aid from the University should contact the Enrollment Services Center at the earliest possible date, and request specific deadline information and appropriate application materials. All financial aid deadlines are posted on the financial aid website at [www.scu.edu/financialaid](http://www.scu.edu/financialaid).

The Graduate Programs in Pastoral Ministries awards merit- and need-based scholarships to enrolled students on an annual basis. A new application is required at the beginning of *every* academic year to be considered for these scholarships.

## **GPPM PROGRAM DETAILS**

### **MISSION STATEMENT**

The Graduate Programs in Pastoral Ministries, rooted in the Jesuit tradition, provides theological and pastoral formation for a variety of ministries. The program offers a Master of Arts degree, graduate certificates, diaconal formation and pastoral enrichment workshops all of which are characterized by an integration of theological reflection and ministerial proficiency. Witnessing to the missionary spirit of the Gospel, the program collaborates with various dioceses to enrich and deepen the pastoral experience of aspiring ministers. The Graduate Programs in Pastoral Ministries offers a Master of Arts degree in Pastoral Ministries. The degree consists of sixty quarter units, which are made up of fifteen four-unit classes. ## COURSE DELIVERY SITES AND FORMATS

The Graduate Programs in Pastoral Ministries began on the Santa Clara University campus, serving students in the Diocese of San José and surrounding dioceses. In 2012, the program began to expand to offer courses in the Diocese of Monterey, and our diocesan partners now include Los Angeles, Oakland, Sacramento, San Bernardino, and San Diego, and Seattle. Students may take courses in any diocese, which gives them greater flexibility to complete their curriculum in a timely way.

We offer courses in three formats:

- On the Santa Clara University campus, we offer the traditional in-person format: 3-hour classes one night a week for ten weeks, plus a possible session during finals week.
- On all our campuses, including Santa Clara, we offer a hybrid format: three all-day Saturday meetings face-to-face at the site (9:00 a.m.–3:00 p.m.) at the beginning, middle and end of the quarter, and seven two-hour video-conference classes offered once a week in the intervening weeks.

Students do not need to enroll in an emphasis to complete the degree; those students simply take 8 elective courses and complete the capstone requirement. Electives may be one of the foundational course alternates, an emphasis course, or any of the area electives.

Students in the emphases take the required emphasis courses and elective courses from any area to round out the required 15-course, 60-unit total. Thus LATM students take 4 electives, while RJUS and YMIN students take 3 electives. These students may select their

electives from the alternate foundational courses, emphasis courses outside their emphasis, or any of the area electives.

### **THEO 255 Creation, Science & Ecological Theology**

The field of ecological theology, or ecotheology, reflects critically on the Christian faith in light of the reality of ecological degradation and contemporary scientific insights into the “nature of nature” and the universe we inhabit. Following Pope Francis’s observation that “an ecological approach always becomes a social approach,” the discipline also attends to the intersection of ecological and social concerns, including racism, sexism, poverty, and other “obstructions of justice.” Applied to the life of the church, ecotheology asks what Catholic Christians can do for the good of the world we share with what Charles Darwin described as “endless forms most beautiful”: palms and squirrels, rivers and mountains, which Psalm 148 describes as praising God by simply being what they are. In this way, ecological theology offers a unique perspective on the intersection of theoretical, theological, pastoral, and ministerial concerns, seeking new ways of understanding God’s will to life, flourishing, and the “splendid universal communion” of all God’s creatures (*Laudato Si’*). An elective

course; formerly PMIN 236; 4 units.

### **CAPSTONE PROJECT**

At the conclusion of coursework, you will complete a Capstone Project in the form of a portfolio or a ministry practicum (the practicum is only an option for students in a ministry emphasis who matriculated in Fall 2019 or later). Both projects involve theological reflection on the five student learning goals of the program, as demonstrated either by projects from six courses (portfolio) or by a self-designed ministry activity (practicum).

Directions and video tutorials are available on the GPPM website (Student & Alumni Resources > Academic Resources; scroll down to the bottom). Students work with their faculty mentor to complete the project, and upload it to the student folder the Program staff have shared with them, containing their advising checklist and a folder for the Capstone materials, including the evaluation rubric used for the assignment.

Central to the portfolio is an 8-10-page, double-spaced integrative essay in which the student reflects on what s/he has learned in coursework and how this prepares her/him for ministry. The specific questions to focus the reflection are:

- How did I come to understand each of the four learning outcomes through the chosen projects and the program in general?
- How did mastering these learning outcomes strengthen my ability to minister?

The Capstone practicum will be designed by program faculty in the 2020–21 academic year. International students interested in exploring the Practicum option should plan to meet with an international student advisor in the Global Engagement Office to discuss whether the project parameters require them to receive Curricular Practical Training (CPT) advising.

## **GRADUATE CERTIFICATE IN RESTORATIVE JUSTICE AND CHAPLAINCY**

Students may apply to the Graduate Programs in Pastoral Ministries to earn a Graduate Certificate in Restorative Justice & Chaplaincy. The requirements consist of twenty-four quarter units which are made up of six core courses and can be completed in one year or two.

The Graduate Certificate in Restorative Justice and Chaplaincy from Santa Clara University prepares ministers to engage the community with justice initiatives that heal and emphasize the restoration of right relationships. This entails a paradigm shift from retributive systems to initiatives that seek to restore individuals, families, and communities to health and wholeness. Our program enhances the gifts and skills that students bring to the table through academic, theological, and spiritual education to focus their ministerial practices on restoring relationships. Some concrete disciplines where this work is being employed are education, detention/prison ministry, health care, hospice, trauma, mental health, re-entry programs, interfaith services, and community services. The Covid-19 pandemic crisis has certainly highlighted the need for people with compassion, pastoral accompaniment, and reflective listening skills to engage with those who are suffering on the front lines and in the margins.

Students in this emphasis will:

- Gain a broad theological foundation in restorative justice and chaplaincy that is foundational to pastoral ministries;

- Develop pastoral skills, enhance ministerial praxis, and explore intercultural and interreligious dialogue for restorative ministries;
- Recover the incarnational roots of kinship to restore balance to the beloved community in diverse global settings;
- Identify a critically informed approach to faith that promotes social justice for the benefit of those most in need.

Six courses comprise the Graduate Certificate in Restorative Justice and Chaplaincy. They are Theological Foundations for Ministry; Introduction to Restorative Justice; Chaplaincy; Trauma and Healing in a Broken World; Introduction to the Criminal Justice System, or Integrative Chaplaincy; and Intercultural and Interreligious Competencies

If one finishes the requirements for the Graduate Certificate and wishes to pursue the MA degree in Pastoral Ministries all of the credits earned will apply.

## **SUPPORT FOR CANDIDATES WHO ARE NON-NATIVE ENGLISH SPEAKERS**

It is possible, however, that course participation, coursework, or other situations could reveal weaknesses in English comprehension and expression that were not identified by the Duolingo or TOEFL. If any faculty member has concerns about a student's English proficiency (reading comprehension, listening comprehension, verbal production, accent, or writing skills) the student may be referred to the Program Director. The program director and student will discuss an appropriate course of action that best meets the student's abilities. The outcome of the director and student meeting may include a recommendation that the student enroll in English as Second Language (ESL) courses before continuing with the degree.

Library resources, which can be accessed within the library and remotely, include an online catalog (OSCAR), more than 200 general and subject-specific databases, research guides for many subjects and some specific classes, "Ask a Librarian" 24/7 reference services, and LINK+ interlibrary loan program.

The library's collections have grown to more than 927,763 volumes, including approximately 15,877 e-books, and subscriptions to more than 133,237 magazines, journals, and newspapers; over 1,500 are in electronic format. Because the library is a depository for United States and California government documents, more than 600,000 government documents are available online, in print, or in other physical formats. Additionally, the library houses more than 900,000 microforms, hundreds of historical photographs, more than 5,000 maps, and over 20,000 audio/visual items.

### **INTERNATIONAL STUDENTS AND SCHOLARS**

The International Students and Scholars Program ([www.scu.edu/](http://www.scu.edu/))

globalengagement/international-students/) is a program in the Global Engagement Office. The program provides assistance to graduate international students with support related to visas, intercultural and academic adjustment, and general support for their transition to, and continued success in, their studies on campus and in post-graduation employment.

*U.S. immigration regulations are complex and change frequently. The University strives to maintain a website that is both current and helpful, however, Santa Clara University is not responsible for students maintaining lawful immigration status; this is the responsibility of the student. Further, resources and links do not constitute endorsement by Santa Clara University.*

## **Writing Center**

The HUB Writing Center ([www.scu.edu/hub/](http://www.scu.edu/hub/)) offers drop-in writing support to graduate students as well as workshops in public speaking, revising and editing, developing personal statements and cover letters, and grammar basics. The Writing Center also offers students the opportunity to become HUB writing partners and to participate in independent studies or research projects.

## **Office For Multicultural Learning**

The mission of the Office for Multicultural Learning is to coordinate, collaborate, and promote cross-campus programming and related initiatives for purposes of enhancing Santa Clara University's goals for diversity and inclusive excellence and providing a welcoming campus climate.

The Office for Multicultural Learning serves as a campus-wide resource for information about multicultural issues and diversity. It offers multicultural learning experiences that educate the campus to respect and honor differences, promote dialogue and interactions among individuals from different backgrounds, and support collaborative efforts between the University and the local community.

## STUDENT CONDUCT CODE

All members of the University community have a strong responsibility to protect and maintain an academic climate in which the fundamental freedom to learn can be enjoyed by all and where the rights and well-being of all members of the community are protected. To this end, certain basic regulations and policies have been developed to govern the conduct of all students as members of the University community. Copies of the Student Handbook, which includes the Student Conduct Code, and information about the policies and procedures regarding the student judicial system are available from the Office of Student Life. For the most current information on the student conduct code and all policies and procedures regarding the student judicial system, please refer to the Office of Student Life website at [www.scu.edu/osl](http://www.scu.edu/osl). The Student Handbook and the Student Code of Conduct can be found at the website ([www.scu.edu/osl/student-handbook/](http://www.scu.edu/osl/student-handbook/)). Please refer to the Handbook online.

*Note: Students who are alleged to have violated the Student Conduct Code may be subject to disciplinary action and, if applicable, may also be subject to criminal prosecution.*

If there is a disagreement between a policy in the department and a policy in the school, the school policy applies. If there is a disagreement between a University policy and a school policy, the University policy applies.

## UNIVERSITY POLICIES

### Student Freedom of Expression

Freedom of expression at Santa Clara University implies the right of students to present ideas in the spirit of developing knowledge and pursuing truth. Examples of freedom of expression are debates, speeches, symposia, public posting of signs and handbills, petitioning, dissemination of printed matter, and the invitation of guest speakers to address the University community. The exercise of freedom of expression implies the freedom to associate with other members of the University community, to form registered student organizations,

and to participate in activities sponsored by those organizations. The University shall not, without due cause, impair or abridge the right of exercise of freedom of expression beyond the regulation of time, place, and manner of that expression.

Copies of the full text of the Santa Clara University Student Freedom of Expression policy are available in the Office of Student Life, Benson Center, Room 205.

### **Liability and Property Insurance**

Except by expressed arrangement with the University, the University's insurance does not cover students' liability or students' personal property. Students may wish to seek the services of their personal insurance agent to arrange for such coverage.

### **Policy on Discriminatory and Sexual Harassment**

In June 1995, the Board of Trustees approved a University-wide policy governing discrimination and sexual harassment that applied to all constituencies: students, faculty, and staff. This policy is still in effect as it pertains to faculty and students. The appeals process in that policy was rendered obsolete in October 1998 with the adoption of the new policy manual for staff. The proposed policy below reflects the new appeals process recommended by the Staff Affairs University Policy Committee (SAC). Other changes to the policy, as it pertains to staff, reflect clarifications arising out of recent case law, etc. While the University policy is in proposed status pending review by the appropriate faculty and student policy committees, it is in effect as it pertains to staff employment. In the event of a complaint involving a staff member and either a faculty or student respondent, the respective faculty or student process from the 1995 policy will be followed. Should the faculty or student review committees recommend changes to the University policy that would affect staff also, they will be reported to the SAC for consideration, review, and action.

### **Prevention of Unlawful Harassment and Discrimination Statement**

Santa Clara University is dedicated to:

- An uncompromising standard of academic excellence and an

unwavering commitment to academic freedom, freedom of inquiry, and freedom of expression in the search for truth

- Being a community enriched by men and women of diverse backgrounds, respectful of difference and enlivened by open dialogue, caring and just toward others, and committed to broad participation in achieving the common good.

Unlawful harassment and discrimination subverts these University ideals. Any behavior constituting unlawful harassment or discrimination toward any individual in the course of any University-administered program, job, or activity is prohibited. The University does not tolerate unlawful harassment or discrimination and will take prompt and effective corrective action including, where appropriate, disciplinary action up to and including dismissal or expulsion. The University's policy applies to University staff, students, and faculty, and all other individuals engaged with University activities.

## **Harassment**

Harassment includes verbal, physical, and visual forms of harassment, and conduct related to sexual favors, based upon a person's protected status, including race, color, national origin, ancestry, gender, sexual orientation, age, religious creed, physical and mental disability, medical condition, marital status, citizenship status, or other status protected by law.

Verbal harassment includes conduct such as epithets, insults, and derogatory comments. Physical harassment includes conduct such as assault, impeding or blocking movement, or any physical interference with normal work or movement. Visual forms of harassment include derogatory posters, cartoons, or drawings. Conduct related to sexual favors includes unwanted sexual advances that condition an employment or other University benefit upon an exchange of sexual favors.

## **Sexual Harassment Warrants Special Attention**

Whether committed by faculty, students, supervisors, or nonsupervisory staff, sexual harassment in the workplace and in the educational environment is prohibited. This includes, but is

not limited to, unwelcome acts or statements including sexual advances, touching, propositions, continual verbal commentaries about an individual's body, sexually degrading words used to describe an individual, and/or the display in the workplace or educational environment of sexual objects or pictures; or other physical, verbal, or visual conduct based on gender when (1) the conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, offensive, or abusive environment; (2) submission to the conduct is an explicit or implicit term or condition of employment; and/or (3) submission to or rejection of the conduct is used as the basis for an employment or academic decision.

University officials are empowered and required to address harassing behavior promptly and thoroughly. An individual with a complaint may always directly contact the department head or supervisor; if the problem concerns the department head or supervisor, the individual may contact a next-level supervisor. In addition, the individual may always contact the University's director of diversity.

An individual's filing or pursuing a complaint or otherwise reporting or complaining of unlawful harassment or discrimination will not be the basis for any adverse University decisions concerning the individual's student, faculty, or staff position or status. Retaliation is forbidden.

### **Nondiscrimination**

Decisions regarding conditions of employment including recruitment, hiring, placement, transfer, promotion and termination, and recruitment, retention, and participation in programs by students will not be based on race, color, national origin, ancestry, gender, sexual orientation, age, religious creed, physical and mental disability, medical condition, marital status, citizenship status, or other status protected by law. The University will offer reasonable accommodation to qualified individuals with disabilities to the extent provided by law.

Except to the extent permitted by law, these factors also will not affect the manner in which the University administers personnel policies, programs, and activities such as compensation, promotions,

terminations, benefits, training, and recreational programs; nor will they affect the manner in which the University administers student related policies, programs, and activities such as admissions and extracurricular and recreational programs or activities.

## **COMPLAINT AND RESOLUTION PROCEDURES**

### **General**

Any faculty, staff, students, or others who believe they have been subjected to unlawful harassment or discrimination in the course of a University-administered program, job, or activity should provide as soon as possible a written or oral complaint to their department head or supervisor, other higher-level University officer, or the Affirmative Action Office.

The person making a complaint (the complainant) should ordinarily include details of the incident(s), name of the person alleged to have engaged in the conduct (the respondent), and the names of any witnesses.

In addition, apart from complaints of unlawful harassment or discrimination, an individual may request general assistance regarding a problem that is not necessarily a complaint of unlawful harassment or discrimination.

University supervisors and managers, including academic personnel with managerial authority on behalf of the University, have a duty to report any conduct that they believe may constitute unlawful harassment or discrimination to the director of diversity and, at their option, to their next-level supervisor.

### **Informal Resolution**

An informal resolution of the complaint may always be pursued as a first step without regard to whether the complaint is determined by the University to be one of unlawful harassment discrimination. The director of diversity will be available to meet with the parties separately and seek to find a resolution that is mutually acceptable to both parties.

The resolution may be one or more of the following, or other appropriate prompt and effective corrective action: the respondent's reading or listening to a statement made by the complainant; apologizing to the complainant; ending a practice that is harassing or otherwise unacceptable to the complainant; participating in educational programs aimed at correcting behaviors that are harassing to the complainant, etc. The director of diversity will document and maintain records of the agreement and resolution of the issue(s) in the Affirmative Action Office. Every effort should be made to resolve complaints informally, promptly, and within 30 days of receipt of the complaint.

If a mutually acceptable informal resolution is not reached within 30 days, or otherwise in a manner necessary to promptly and effectively correct unlawful harassment or discrimination, the director of diversity may recommend that the informal resolution stage of the procedure conclude.

### **Formal Resolution**

If the informal resolution stage ends without a satisfactory conclusion, the director of diversity or his/her designee may conduct a formal investigation or take other action necessary to effect prompt and effective corrective action. In appropriate circumstances, the president or other appropriate University officer may designate an alternative investigator acting on behalf of the University.

The University investigation of the complaint will be timely and thorough. When the investigation is completed, the director of diversity or his/her designee will make a timely report of the matter, with evidentiary findings, to the appropriate University officer, who will determine the appropriate resolution, including prompt and effective corrective action, if any. In the case of a respondent student, the appropriate University officer is the assistant dean of students. In the case of a respondent staff member, the appropriate University officer is the assistant vice president for human resources. In the case of a respondent faculty member, the appropriate University officer is the provost.

The individuals involved will be informed of the action taken by the University at the conclusion of the formal stage to the extent appropriate considering the privacy of the individuals involved.

### **Appeal Procedure**

In the event of dissatisfaction with the result of the formal procedure, a staff member, student, or faculty member who is a complainant or respondent may appeal the decision. In the event he or she believes the result of the formal resolution was unfair or inappropriate under University policy, a written appeal must be submitted to the cognizant officer within 14 working days after being informed of the decision. The vice provost for student affairs is the cognizant officer for student appeals, the vice president for administration and finance for staff appeals, and the provost for faculty appeals. If the vice provost or vice president for administration and finance is the respondent, the appeal is to the president. If the president is the respondent, the officer is the chair of the Board of Trustees.

If the respondent is a faculty member, the matter will be referred to the Faculty Affairs Board. The Faculty Affairs Board will follow the procedures in the Faculty Handbook, except that if the complainant is a staff member, two of the five members of the hearing committee must be staff members.

If the respondent is a staff member, the matter may be referred to neutral arbitration. The staff member and the University will choose any arbitrator by mutual agreement. The arbitrator shall be a qualified professional labor/employment arbitrator. If the parties are unable to agree on the identity of the arbitrator, the staff member shall request a panel of names from JAMS/Endispute of Santa Clara County. The arbitrator shall be chosen from the panel of names by alternate striking of names, beginning with the staff member, until one is left, who shall serve as arbitrator. The University shall be responsible for the professional fees of the arbitrator, unless the staff member objects, in which case the University and the staff member shall each be responsible for 50 percent of the professional fees of the arbitrator. The arbitrator will be authorized to award appropriate remedy under

law as to the specific issues submitted; however, the arbitrator shall have no power to add to, subtract from, change, alter, or ignore the provisions of the Staff Policy Manual or any other University policy. The arbitrator's decision will not be binding unless the staff member and the University mutually choose to execute a written stipulation designating that the arbitrator's decision is final and binding.

If the respondent is a student, the matter may be referred to the University Board of Appeals. The University Board of Appeals will follow the guidelines for appellate hearings in the Undergraduate Student Handbook.

### **Confidentiality**

All aspects of these procedures are confidential. University personnel may not confirm, deny, or acknowledge to any third parties that any complaint has been filed by a complainant except where required or permitted by law, or otherwise authorized by the University.

### **Nonretaliation**

Any form of retaliation against an individual by any member of the University community is prohibited.

If at any point the University determines that the alleged conduct of the respondent is likely to recur and to cause others severe harm, the University may take reasonable steps to prevent such result prior to the conclusion of the procedures set forth above.

## **RESPONSIBILITY**

To achieve the goals of the University policies, each member of the University community must understand and accept responsibility both for fulfilling the ideals of the Statement of Purpose and for honoring the guiding principles. Vice presidents within their areas, together with deans, program chairs, directors, managers, and supervisors, are responsible for promoting progress on the ideal of building a diverse, nondiscriminatory community and initiating creative actions to increase diversity. Academic deans (for faculty), the dean of student life (for students), and the assistant vice president

for human resources (for staff) are responsible for monitoring implementation of this policy; the director of diversity is responsible for inquiries regarding federal and state laws, as well as for filing reports required by federal and state law.

## **RESOURCES**

### **Within the University**

The Office of Diversity and Inclusion is located in the Walsh administration Building (408-554-4533).

The EEO & Title IX Coordinator can be reached at 408-551-3043.

### **Outside the University**

Members of the University may file a discrimination or sexual harassment complaint within the time required by law with the federal Equal Employment Opportunity Commission, the federal Office of Civil Rights, or the California Department of Fair Employment and Housing.

## **DRUG FREE POLICIES**

It is the goal of Santa Clara University to maintain a drug-free workplace and campus. The unlawful manufacture, distribution, dispensation, possession, and/or use of controlled substances or the unlawful possession, use, or distribution of alcohol is prohibited on the Santa Clara University campus, in the workplace, or as part of any of the University's activities. This includes the unlawful use of controlled substances or alcohol in the workplace even if it does not result in impaired job performance or in unacceptable conduct.

The unlawful presence of any controlled substance or alcohol in the workplace and campus itself is prohibited. The workplace and campus are presumed to include all Santa Clara premises where the activities of the University are conducted.

Violations will result in disciplinary action up to and including termination of employment for faculty and staff or expulsion of students. A disciplinary action may also include the completion of an

appropriate rehabilitation program. Violations may also be referred to the appropriate authorities for prosecution.

## **SMOKE-FREE CAMPUS**

Santa Clara University has adopted a smoke-free and tobacco-free policy on the University campuses in Santa Clara and Berkeley. Smoking means inhaling, exhaling, burning, or carrying of any lighted or heated tobacco product, as well as smoking substances that are not tobacco, and operating electronic smoking devices and other smoking instruments. “Tobacco product” means all forms of tobacco, including but not limited to cigarettes, cigars, pipes, hookahs, electronic smoking devices, and all forms of smokeless tobacco.

The sale and advertising of tobacco products and tobacco-related products also are prohibited. “Tobacco-related” means the use of tobacco brand or corporate name, trademark, logo, symbol, motto, or selling message that is identifiable with those used for any brand of tobacco products or company that manufactures tobacco products.

## **SEXUAL ASSAULT AND MISCONDUCT REPORTING PROTOCOL**

### **Purpose Statement**

Santa Clara University seeks to provide a consistent, caring, and timely response when sexual assaults occur within the University community. The University prohibits any nonconsensual physical contact of a sexual nature, including sexual assault and sexual misconduct. Sexual assault or misconduct can occur between people of different genders or of the same gender. (For definitions of sexual assault and sexual misconduct, see the “Definitions” section in this chapter.)

The following procedures were created to:

- Facilitate the recovery of a sexual assault victim/complainant by providing prompt and compassionate support services
- Create a campus environment that both expedites and encourages the prompt reporting of sexual assaults or misconduct against students

- Facilitate the apprehension of assailants when such assaults are committed and/or process cases through the campus judicial system
- Establish and cultivate a climate of community involvement in sexual assault or misconduct prevention
- Increase the safety of the campus community
- Ensure accurate reporting of crime statistics

Students are encouraged to report all instances of sexual assault or misconduct. Victims/complainants who have engaged in alcohol or other drug use at the time of the assault will not be subject to disciplinary action for such use. Every effort will be made to ensure that students are informed of rights and resources, including options for reporting through the University or the appropriate police department.

### **Campus Sexual Assault Victims' Bill of Rights**

In compliance with the Campus Sexual Assault Victims' Bill of Rights, sexual assault and misconduct victims/complainants have the right to be informed:

1. About notifying appropriate law enforcement authorities with the assistance of University personnel if requested
2. About existing on- and off-campus counseling, mental health, or other services
3. That the University will change academic and living situations after an alleged report if those changes are requested by the victim/complainant and are reasonably available
4. That the victim/complainant and the accused are entitled to the same opportunities to have others present during a University disciplinary proceeding
5. About the outcome of the University disciplinary proceeding

The rights specified in items 1 through 3 are applicable to any victim/complainant regardless of whether the accused is a student at Santa Clara University.

### **Sexual Assault Reporting Protocol for Student Victims**

If you are the victim of an assault, your personal safety is most important. You are encouraged to go to a safe place if you are somewhere you do not feel comfortable. If you are comfortable, share what has occurred with someone you trust. Sharing as much specific information as you can remember with this individual may help in the event that you decide you want to report the assault to University officials and/or the police.

### **Preserve Evidence**

Do what you can to preserve any evidence, even if you are not certain you want to file a report with the police department or the University. Preserving evidence now will give you the options should you decide to report later. It is best for any physical evidence to be collected within the first 24 hours.

If you can avoid it, do not wash your face or hands, bathe, brush your teeth, drink or eat, douche, or change clothes. If you must change your clothes, place each garment in a separate paper (not plastic) bag.

### **On- and Off-Campus Counseling Services**

You are encouraged to seek out the support of family, friends, and/or a counselor.

We encourage you to make an appointment at Counseling and Psychological Services (CAPS), located in Cowell Health Center, 408-554-4172. If you do not want to wait, you can request to see the on-call counselor for the day. Except in cases when students are under the age of 18, CAPS is not required to report incidents of sexual assault or misconduct.

The YWCA Rape Crisis Hotline is available as a resource and support for you. The confidential hotline is open 24 hours a day/7 days a week and can be reached at 408-287-3000. You do not need to be in crisis in order to contact a counselor from the hotline. Counselors on the hotline are trained to help rape victims and offer support and information about legal, medical, and mental health resources. The hotline is also available to anyone providing support to a victim of sexual violence.

## **Physical Health**

If you are the victim of an assault, you should be examined by a doctor as soon as possible for injuries you may not be able to see. You might also want to preserve evidence this way. Under certain circumstances, medical health care providers are required to report crimes such as sexual assault to the police.

If you are interested in an evidence exam, go to Santa Clara Valley Medical Center located at 751 S. Bascom Avenue in San Jose, CA. This is the forensic medical facility in the area. They are a specially trained nursing facility. If you want to have an evidence exam conducted, go to the emergency room and tell them you have been sexually assaulted. If you would like, Campus Safety Services can arrange at no cost for transportation to Santa Clara Valley Medical Center. Campus Safety Services can be contacted at 408-554-4441.

You can have a medical-only (non-evidence) exam to treat cuts, infections, and internal injuries. It is important to know that you will lose the opportunity to collect evidence at this time. Before making this decision, consider talking to a rape crisis counselor through the YWCA Rape Crisis Hotline at 408-287-3000.

Cowell Health Center provides pregnancy, STD testing, or baseline HIV testing. Cowell Health Center does not prescribe emergency contraception and does not collect evidence.

## **Campus Advocate and Academic and Living Accommodations**

The Office of Student Life, located in Benson Center, Room 205, or at 408-554-4583, can assist you by informing you of (1) your rights, (2) on- and off-campus resources, (3) reporting options, and (4) your options through the University Judicial System. The on-campus resources include the Campus Advocate program. A campus advocate is a trained staff or faculty member who is available to support you through the University reporting process. You can also choose to request assistance with academic and living accommodations. The person you meet with will also inform you about the law enforcement reporting process and your options regarding filing a criminal complaint. More detailed information about University and local

resources are available through the Office of Student Life.

## **Reporting Options**

If you decide to report, you will be asked to give a detailed account of what has occurred. This can be a difficult process and you are encouraged to bring a friend or advocate for support. YWCA advocates can support you with off-campus proceedings and Campus Advocates can assist you with on-campus proceedings.

## **Filing a Police Report**

If you are interested in filing a police report, call 911 for immediate response, or call the police department in the city where the assault occurred. If the assault occurred in the city of Santa Clara, contact the Santa Clara Police Department, located at 601 El Camino Real or at 408-615-4700. An officer can meet you at your residence or somewhere else on campus such as at the Campus Safety Services office. Part of the investigation and with your permission, may include a medical exam at Santa Clara Valley Medical Center (see the previous “Physical Health” section for more details). You have a legal right to have a YWCA advocate present during your interviews and interactions with the police department. The YWCA is the recognized advocate provider for Santa Clara County.

Filing a report with the police does not necessarily mean prosecution will occur. If you do not want to call the police, you can call a friend to take you to a hospital or go to Cowell Health Center for referral.

## **Filing a University Report**

You can begin the process for filing a report through any of the following departments:

- **Campus Safety Services:** Call Campus Safety Services at 408-554-4444 to file a report involving another student, even if the assault occurred off campus. Campus Safety can also connect you to the appropriate police department to file a report.
- **Office of Student Life:** Call the Office of Student Life at 408-554-4583 (located in Benson Center, Room 205) to schedule an appointment or report to the office to request a same-day

appointment. You may simply state that you want to meet with a Student Life staff member to discuss a “student welfare matter.” The Office of Student Life will introduce you to a Campus Advocate, if you agree to meet with one, who can support you through the campus reporting process, explain the resources available to you, including the University Judicial System, and if applicable, arrange for you to file a report with Campus Safety Services.

- **Office of Affirmative Action:** In addition to contacting the Office of Student Life or Campus Safety Services, if the assailant is a staff or faculty member, you can also report the incident to the Office of Affirmative Action at 408-554- 4178 (located in Loyola Hall). Faculty/staff should report any assault committed by another member of the University community to the Office of Affirmative Action, not the Office of Student Life.

### **Understanding Who at the University is Mandated to Report Instances of Sexual Assault or Misconduct**

The University seeks to provide accurate and timely information to the campus community related to public safety. Faculty and staff are encouraged to consult with the Office of Student Life about accessing campus resources to support student victims.

*Note: In cooperation with the Santa Clara Police Department to provide for the safety and welfare of the community, the University notifies the Santa Clara Police Department of reports of sexual assault or misconduct. The Office of Student Life and/or Campus Safety Services will assist you with this process or will provide the report on your behalf. You may choose to either participate or not participate in a criminal investigation. If you choose not to participate, it is highly unlikely the police will file criminal charges.*

### **Mandated Reporters**

Faculty and staff who have significant responsibility for student and campus activities are required to inform Campus Safety Services of allegations of sexual assault or misconduct reported by students. When this happens, Campus Safety Services will notify the Office of Student Life. If preferred, faculty and staff can contact the Office

of Student Life to assist with the process of notifying Campus Safety Services. University personnel who are mandated reporters include, though not limited to, Office of Student Life, Residence Life [including community facilitators (CFs) and assistant resident directors (ARDs)], residence ministers, Housing, Athletics and Recreation, Center for Student Leadership, Drahnann Center, Disability Resources, Career Center, Campus Ministry, and Campus Safety Services.

Licensed medical professionals, such as those in Cowell Health Center, are required by law to notify law enforcement if they have reason to believe or know that a patient has been sexually assaulted.

Supervisors of student employees are required to report to the Office of Affirmative Action allegations of sexual assault or misconduct that happened in the context of employment.

### **Not Mandated to Report**

Unless there is a statutory duty to do so, University personnel who are not mandated reporters include pastoral (clergy) and professional counselors when acting in those roles, faculty who do not advise student groups, and clerical or support staff.

### **Anonymous Reporting for Statistical Purposes**

Staff, faculty, and students who are not mandated reporters are encouraged to report instances of sexual assault or misconduct to the Office of Student Life. These reports can be made without identifying the victim. In such instances, the report of the incident will be included in the University's Annual Disclosure of Crime Statistics.

Office of Student Life staff will provide to the reporting person resources and information about how to file a campus judicial report and police report should the victim decide to do so.

### **University Response to Sexual Assault and Sexual Misconduct**

As authorized by the Board of Trustees and the University president, the vice provost for student life or designee will adjudicate a charge of sexual misconduct or assault under the Student Conduct Code,

Section 7: Nonconsensual physical contact of a sexual nature such as sexual misconduct, sexual assault, and rape. The University's definitions of sexual assault and sexual misconduct are explained in this section and are the standards by which the University holds its students accountable. The University reserves the right to review all student conduct that occurs on- and off-campus when such behavior is inconsistent with the Student Conduct Code.

Violations of the Student Conduct Code do not necessarily constitute violations of the law. A report of sexual assault or misconduct filed with the University is evaluated according to University standards through a University process and is separate from a criminal investigation. Any sanction within the full range of disciplinary action, including expulsion, may be imposed upon a student who is found responsible for committing sexual assault or misconduct.

Disciplinary sanctions for findings of sexual misconduct or assault will be imposed regardless of whether the nonconsensual sexual activity was preceded or followed by consensual sexual activity.

The use of alcohol or other drugs can blur the distinction between consensual and nonconsensual sexual activity. If the accused person knew or reasonably should have known that the victim was incapable of providing consent due to the use alcohol or another drug, the accused person is in violation. The accused person's use of alcohol or other drugs does not diminish his or her responsibility for committing the sexual misbehavior.

## DEFINITIONS

**Act** referenced in the terms below, includes but is not limited to sexual intercourse, sodomy or sexual penetration with an inanimate object, the touching of a person's intimate parts (defined as genitalia, groin, breast or buttocks, or clothing covering them), or compelling a person to touch his or her own, or another person's intimate parts without consent.

**Coercion** means compelling another person to do something through emotional or physical pressure, threats, or other forms of intimidation. Real or perceived power differentials between

individuals also may create an atmosphere of coercion that can significantly impair the ability to consent.

**Consent** means mutually understandable words or actions that demonstrate a voluntary agreement to engage in mutually agreed-upon sexual activity. Consent must be informed, active, and freely given. Consent is invalidated when it is forced, coerced, or nullified by a person's incapacitation, including being under the influence of alcohol or other drug. Non-action as a response does not constitute active or affirmative consent.

In reviewing a report of sexual misconduct or assault, consent is a critical factor in determining whether there is a violation of Section 7 of the Student Conduct Code. It is the responsibility of individuals to engage only in mutually agreed upon sexual activity and it is the responsibility of the person initiating sexual activity to obtain consent.

**Sexual assault** occurs when the act is intentional and is committed by (a) physical force, violence, threat, or intimidation; (b) ignoring the objections of another person; (c) causing another's intoxication or impairment through the use of drugs or alcohol; or (d) taking advantage of another person's incapacitation, state of intimidation, helplessness, or other inability to consent.

**Sexual misconduct** occurs when the act is committed without intent to harm another and where, by failing to correctly assess the circumstances, a person believes unreasonably that consent was given without having met his/her responsibility to obtain consent. Situations involving physical force, violence, threat, or intimidation fall under the definition of sexual assault, not sexual misconduct, and will be treated as such. Sexual misconduct or assault can occur between people of different genders or of the same gender. In some cases, consensual sexual activity occurs before an assault or after an assault.

## COMPUTING RESOURCES POLICIES

The computing and other electronic resources at SCU are provided

solely for the support of students and employees in the pursuit of their scholarly or required academic activities, and for conducting the business of the University. General guidelines for use of computing, communication, and electronic resources on campus are based upon principles of etiquette, fairness, and legality. In using these resources at SCU, community members are expected to be respectful of other individuals' ability to enjoy equal access to the resources, refrain from malicious or annoying behavior, and abide by state and national laws, including those related to intellectual property and copyright. More details are available in the University's Network and Communications Policies and Guidelines accessible at [www.scu.edu/technology/policies-standards-procedures/network-and-communications-policies-andguidelines/](http://www.scu.edu/technology/policies-standards-procedures/network-and-communications-policies-andguidelines/) or from Information Technology.

## **POLICY FOR WITHDRAWAL FOR HEALTH REASONS/ EMERGENCIES**

Students may experience an illness, injury, or psychological condition, herein referred to as a health condition, which significantly impairs their ability to function successfully or safely in their roles as students. In these instances, time away from the University for treatment and recovery can restore functioning to a level that will enable them to return to the University.

The purpose of this policy is to set forth the procedures for student withdrawals from the University for reasons of health and/or safety. The University has designated four categories relating to enrollment status. They differ according to who initiates the action, whether it is voluntary or not, and the re-enrollment procedures.

Students who withdraw under this policy are strongly encouraged to either purchase or continue purchasing the tuition insurance plan. See the Tuition Insurance Plan section in this chapter for more details about this plan.

The vice provost for student life or designee, in consultation with the appropriate mental and medical health professionals, Office of the Dean, and other staff as deemed necessary, is responsible for the implementation of this policy.

## HEALTH WITHDRAWAL CATEGORIES

### A. Health Withdrawal and Re-enrollment

A student who has a health condition that temporarily precludes continued enrollment, other than the conditions described in items B, C, and D, can choose to withdraw from the University. The process of withdrawing for health reasons is the same as that of withdrawing for any other personal reason with the intention of returning to the University. The student is responsible for using standard procedures and for notifying the University in writing when withdrawing and re-enrolling in the University. A student who drops all of his/her courses is not withdrawn from the University. During an academic quarter, a student who takes a health withdrawal, as defined in this section, is subject to the University Tuition Refund Policy.

### B. Conditional Health Withdrawal and Re-enrollment

If the student's health condition substantially threatens the welfare of self or others or the student's behavior significantly disrupts the integrity of the University's learning environment, the University may recommend professional evaluation and treatment, withdrawal from on-campus housing, and/or withdrawal from the University. Conditions for re-enrolling in the University are established and documented at the time of the withdrawal. If the student does not agree to the recommendation, the University reserves the right to implement such action without the consent of the student (see item C in this section).

A conditional health withdrawal may apply to:

- Students who are deemed to be a danger to themselves or others. Danger to self or others is here defined to include, but not limited to, any danger of suicide, self mutilation, accident, or assault which necessitates unusual measures to monitor, supervise, treat, protect, or restrain the student to ensure his/her safety and the safety of those around him/her.
- Students whose behavior is severely disruptive to others. Disruptive is here defined to include, but not limited to, behavior that

causes emotional, psychological, or physical distress to students, faculty, or staff above that normally experienced in daily life and/or impacts the integrity of the University's learning environment. Such disruption may be in the form of a single behavioral incident or somewhat less severe but persistent disruption over an extended period.

- Students (a) who refuse or are unable to cooperate with recommended assessment and/or treatment, and/or (b) whose behavior or physical condition suggests a disorder, such as an eating disorder, which is likely to deteriorate to the point of permanent disability, disfigurement, impairment, or dysfunction without such assessment and/or treatment. When standard assessment is impossible because of the student's resistance, indirect behavioral observations may constitute the basis for such judgment.

Advantages of a conditional health withdrawal:

- The time away from the University will allow the student to focus on his/her health condition without the additional responsibilities associated with being a student.
- The student can seek the most appropriate professional treatment and resources without the constraints imposed by remaining enrolled at the University.
- The student may be granted grades of "W" (withdrawn) in all enrolled classes, even if the normal deadline for a "W" has passed.

The student may be eligible for a tuition refund for the quarter less any applicable financial aid. A student who lives on campus may be eligible for a room and board refund based upon the date the student officially checks out of the on-campus residence in accordance with Residence Life and Housing procedures. See the Tuition Refund section in this chapter for more details.

### **Re-enrollment procedure**

When the student is ready to be considered for re-enrollment, the student should contact the vice provost for student life or designee according to the written conditions for re-enrollment

and provide appropriate documentation of sustained behavioral change, and satisfactory resolution of the initial condition that gave rise to the withdrawal, including compliance with the conditions of re-enrollment. The student must be assessed by an appropriate professional: a licensed psychologist or psychiatrist if evaluating mental health concerns or a licensed physician if the evaluation is regarding other medical concerns. Further, all providers must be unrelated to the student and must have specialty/credentials appropriate for the condition of concern. The off-campus health care professional will be asked to provide a written evaluation of the student's current health status, the nature of the treatment, and provide recommendations regarding:

- The student's readiness to return to the academic and co-curricular demands of University life
- The student's readiness to live in the on-campus residential community
- Ongoing treatment, academic accommodations or testing needs
- Any conditions or restrictions that the University should impose

The vice provost for student life or designee may consult with the director of Health and Counseling Services, Office of the Dean and any other appropriate University departments. The vice provost for student life or designee will either initiate the re-enrollment process or deny the student's request and specify when the next request for reenrollment will be considered, as well as the conditions that must be met for re-enrollment.

Once approved for re-enrollment by the vice provost for student life or designee, a student may re-enroll without further permission if the student was in good academic standing prior to leaving the University, does not have any outstanding financial obligations with the University, is returning to the same college or school, and is returning within five years of the date of the withdrawal. Students who do not meet these conditions must seek permission to re-enroll from the dean of Academic Support Services.

## **C. Involuntary Health Withdrawal and Re-enrollment**

This policy is meant to be invoked only in extraordinary circumstances, when a student is unable or unwilling to request a voluntary withdrawal, and such a withdrawal may be necessary to protect the safety of that student and/or others, or the integrity of the University's learning environment. If a student does not agree to comply with the University's recommendation to withdraw voluntarily,

1. The vice provost for student life or designee will:

- Consult, as may be appropriate and feasible, with representatives from the Office of Student Life, Counseling and Psychological Services and Cowell Health Center, Residence Life, the Drahmann Advising Center, Office of the Dean, the student's professors, and other individuals or departments
- Seek, if appropriate and feasible, the cooperation and involvement of parents or guardians of the student. The decision to notify a student's family members will be weighed carefully against the student's privacy rights. The student's parents or guardians may be contacted without the expressed consent of the student if it is perceived necessary to protect the welfare of the student or other individuals.
- Review, if feasible, with the student the reasons why an involuntary health withdrawal is being considered, provide an opportunity for the student to respond to the reasoning, and assert his/her reasons as to why withdrawing is not necessary and/or appropriate

2. In the event that the student is incapable of responding on his/her own behalf due to his/her condition or if the student is choosing not to respond to inquiries or directives of the University, the University reserves the right to withdraw the student without the voluntary consent of the student or the parent or guardian. The terms of the withdrawal may include denying the student permission to be on property owned or controlled by the University.

3. The student will receive written notice of the final decision, including the conditions for re-enrollment, if the student is withdrawn.
4. The student may be granted grades of “W” (withdrawn) in all enrolled classes, even if the normal deadline for a “W” has passed.
5. The student may be eligible for a tuition refund for the academic term less any applicable financial aid. If the student lives in University housing, the student will be eligible for a room and board refund based upon the date s/he officially checks out of the on-campus residence in accordance with Residence Life and Housing procedures. See the Tuition Refund section this chapter for more details.
6. If the decision includes a requirement for the student to obtain off-campus health care as a condition of re-enrollment, the student must give signed consent for the off-campus health care professional and the director of Health and Counseling to communicate about the nature of the problem that led to this action by the University, a complete description of the University’s concerns, and the scope of the resources that the University offers. This communication should occur prior to the beginning of the student’s treatment to ensure that there is clarity regarding the medical and/or psychological problems that need to be addressed.

## **Appeal Process**

A student who is involuntarily withdrawn from the University may appeal this decision. If an appeal is denied, the decision is final and no further appeal is permitted. The student must submit the appeal and the reason(s) why the appeal should be granted within three business days of notice of the involuntary withdrawal. The student must submit the appeal and the reasons supporting the appeal to the vice provost for student life. In the event the vice provost for student life is the person who made the decision to involuntarily withdraw the student, the provost or the provost’s designee will hear the appeal. On appeal, the decision will be upheld if there is sufficient evidence that the student’s health condition substantially threatens the welfare

of self or others, or the student's behavior significantly disrupts the integrity of the University's learning environment. The decision on the appeal will be communicated to the student within three business days of the day the appeal was submitted.

During the duration of the appeal process, the student will be placed on interim emergency health restriction (see item D below). If the student does not submit an appeal, the involuntary health withdrawal will be implemented at the conclusion of the three business day period to submit an appeal.

### **Re-enrollment Procedure**

A student who is involuntarily withdrawn from the University under this policy may be considered for re-enrollment by following the same re-enrollment procedure specified in item B.

### **D. Interim Emergency Health Restriction**

If, for reasons pertaining to a health condition, a student's behavior poses an immediate and direct threat to self or others, or an immediate disruption to the integrity of the University's learning environment, the vice provost for student life or designee may suspend the student from the University or restrict the student's access to the University campus, University housing, services, and activities, as appropriate, for an interim period before a final determination of the matter. If the student is placed on interim emergency health restriction at the discretion of the vice provost for student life or designee, the student will not be permitted to attend classes, participate in class in any way, or be on University-owned or -controlled property.

This decision will be based upon a review of the available information that may include, if possible, speaking with the student regarding the matter. The vice provost for student life or designee may seek the cooperation and involvement of the student's parents or guardians. The decision to notify a student's family members will be weighed carefully against the student's privacy rights. The student or family member, if appropriate and feasible, will be notified of the interim emergency health restriction as well as the subsequent process in making a final

determination regarding the student's enrollment status.

The interim emergency health restriction will remain in effect until a final decision has been made. The vice provost for student life or designee will review relevant available information related to the student's behavior and health, and provide, if possible, an opportunity for the student to meet with him/her. The standards for making the decision are whether the student's health condition substantially threatens the welfare of self or others or the student's behavior significantly disrupts the integrity of the University's learning environment. The vice provost for student life or designee will document the findings of the review process and the recommendations and will notify the student in writing accordingly. If the student is withdrawn, the student will be informed of the conditions that must be met for re-enrollment.

### **Re-enrollment Procedure**

A student who is withdrawn from the University under this policy after being placed on interim emergency health restriction may be considered for re-enrollment by following the same re-enrollment procedure specified in item B.

### **TUITION REFUND**

Students who are placed on conditional health withdrawal or involuntary health withdrawal are eligible to receive only one tuition refund under the Policy for Withdrawal for Health Reasons during their academic tenure at the University. Any student who receives a tuition refund under this policy must meet re-enrollment conditions before the student will be permitted to return to the University.

### **TUITION INSURANCE PLAN**

The student is strongly encouraged to purchase the University's tuition refund insurance prior to the beginning of the quarter and to maintain the insurance through the remainder of his/her enrollment. Students are eligible to receive only one tuition refund under the Policy for Withdrawal for Health Reasons. This is applicable even in the event that the tuition insurance plan excludes coverage for a

student's condition. The student is responsible for reviewing the terms and conditions of the insurance plan including those pertaining to coverage and exclusions.

## **NONDISCRIMINATION POLICY**

Santa Clara University prohibits discrimination and harassment on the basis of race, color, religious creed, sex, gender, sexual orientation, religion, marital status, registered domestic partner status, veteran status, age, national origin or ancestry, physical or mental disability, medical condition including genetic characteristics, or any other consideration made unlawful by federal, state, or local laws in the administration of its educational policies, admissions policies, scholarships and loan programs, athletics, or employment-related policies, programs, and activities or other University-administered policies, programs and activities.

Additionally, it is the University's policy that there shall be no discrimination or retaliation against employees or students who raise issues of discrimination or potential discrimination of who participate in the investigation of such issues. The University will provide reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability under the law.

Inquiries regarding equal opportunity policies, the filing of grievances, or requests for a copy of the grievance procedures covering discrimination and harassment complaints should be directed to the Office of EEO and Title IX.
