## **XVI. MISCELLANY**

Expert prosecution witness in precedent setting trial in Honolulu in December 1982. The importance of this trial as a legal precedent was that the victim was able to identify the rapists after undergoing hypnosis sessions for retrograde amnesia with me. This testimony which was allowed in court set a major precedent for Hawaii courts. A description of this case and my work in it was reported in the February, 1984 issue of *Psychology Today*, the International Medical Newsletter 1983, the *Honolulu Star Bulletin* and *Honolulu Advertiser*, in Nov. and Dec. 1982.

Performances of Traditional and Folk Music as member of the Old Pali Highway Ramblers. Lead Singer, Musician and Master of Ceremonies. Public Concerts given at least five times per year at the East West Center, Honolulu, Various Colleges and Universities, and State Agencies and other Civic Groups. Concerts and "Cultural Manifestation" workshops 1972-1982. (i.e. Traditional and Folk Music: A Christmas Concert. Invited Autoharp Solo. Belmont Hills Psychiatric Center, 12/25/82).

Media Appearances. As a result of the critical success of my books, "When Men Are Pregnant," 'Trance on Trial,' 'The Measure of a Man: Becoming the Father You Wish Your Father Had Been' and 'Finding Meaning, Facing Fears in the Autumn of Your Years (45-65)' and my service with the American Psychological Association Media Group and Santa Clara University, I have appeared regularly as a spokesperson for Psychology in Print and Electronic media at international,

national, regional and local levels. A comprehensive list of **over 300** media appearances and citations is available on request.
