The ethics of confusion

Deception is clearly unethical — but at what point is likelihood of confusion also unethical?

Clever graphics can cause confusion

- Data visualization specialist Andy Kirk wrote a bit about this on his blog:
- http://www.visualisingdata.com/index.php/2014/04/the-fine-line-between-confusion-and-deception/

- As did PZ Myers, an associate professor at the University of Minnesota, Morris:
- http://freethoughtblogs.com/pharyngula/2014/04/15/thats-a-terrible-chart/
