Media Appearances

I made numerous media appearances in 2019 and 2020 resulting from the publication in 2019 of “On-Farm food loss in northern and central California: Results of Field Survey Measurements.” in *Resources, Conservation and Recycling*. We published the largest data set ever assembled of on-farm food loss. I was interviewed by several media outlets, radio (several NPR stations), TV (KPIX, San Francisco), newspaper (Fresno Bee), online media (Civil Eats). Most recently, our research was noted in the New York Times (<https://www.nytimes.com/2020/07/06/dining/gleaners-farm-food-waste.html>).
