**AGENDA**

1. Welcome
2. Approval of [March 12, 2024 Minutes](#) in suggesting mode.
3. Shuttle Service for a day (Hallcon)
  - a. Friday, May 17, 2024 (tentatively scheduled to run from 8:00 a.m.-6:30 p.m.)
  - b. Two golf carts will have an approved Electric Service Vehicle (ESV) route across campus to drop off and pick up passengers in need

- c. Rides will be prioritized based on need and will accommodate students, faculty, staff and visitors who may need them most (difficulty walking across campus)
- d. We are offering this as a pilot program to jumpstart interest across campus
  - i. Customers who receive a ride on the shuttle will be directed to fill out a survey to share their feedback
  - ii. Feedback will be used in a proposal to senior administration to support funding for these services long-term. Confirmed details will be shared via a CSS newsletter shortly
- Committee feedback: provide approximate travel times and a listing of stops. The previously used autonomous carts had designated routes that were not useful for the riders.
- 4. Meeting update on potential sliding scale model
  - a. HR was provided with reports requested on March 13, 2024
  - b. HR provided the committee with an update on salary groupings on April 30, 2024

The groupings are based on annual base salary ranges. The 870 employee count is based on our current active employees of B and BA permits paid in full.
